Dear Legislators:

The Shawnee Indian Mission in Johnson County has been extremely well taken care of for many years and is open and offered to all who want to visit. The property is used for interesting festivals and educational events.

The Native Americans should be happy, as this costs them nothing, instead of lobbying hard to take it under their control. HB 2208 will "convey to the Shawnee Tribe all of the rights, title and interest" in this property.

The two of us hope you will vote NO on this bill.

Looking forward to your support,

Amy A Brown

James Scott Brown
