BILL NUMBER: HB 2803 Gun Rights Preservation Act

PROPONENT, OPPONENT, or NEUTRAL: Opponent

ORAL or WRITTEN ONLY TESTIMONY: Written only

Dear Chair & members of the committee,

I am writing to voice my opposition to bill HB 2803.

I am a life-long Kansan, more specifically, a 4th generation Kansan. I have two young boys who will be growing up in Kansas and attending their local public school. The mass shooting at the KC Chiefs Parade hit too close to home and I have been compelled to speak out. Moms are tired of this. Tired of hearing of shootings at schools, at places of worship and now at parades. Common sense gun laws need to be enacted and this is the first step you can begin to take.

A similar law to this was passed in Missouri and, after much cost to the taxpayer, was deemed unconstitutional. Have more respect for your fellow Kansans and those who pay your salary and do not waste your time with this bill. Passing this will send a message to your constituents that you enjoy wasting their taxpayer money.

Please, don't waste Kansas' time or money on this initiative. Vote NO on HB 2803 Gun Rights Preservation Act.
