Senate Bill 33

Chairman Smith and the Members of the House Committee on Taxation

Proponent for SB 33

Jim Cain on behalf of myself

The Tax Foundation has ranked Kansas 33rd for 2022 for total state and local tax burdens with an effective tax rate of 11.2% and \$4,971 per capita.

Having no Kansas income tax on my social Social Security benefits would help me to pay for increased costs for food, fuel, housing, and utilities.

Thank you for supporting SB 33.

Sincerely,

Jim Cain  
Topeka, Kansas
