Chairman Thompson and Members of the Committee, I appreciate your willingness to take the time to read my thoughts on SB 365. My name is Lynne Bodle, and I am a voter in Douglas County. I encourage you to vote No on SB 365 for the following reasons:

While I personally prefer to vote in person on Election Day, there are many reasons to vote in advance. Most importantly, advance voting ensures that one's vote is made and accounted for in case something happens to prevent voting on the actual day - illness, an accident or other unforeseen events. And of course, there are many of us who are housebound for a variety of reasons and must rely on the mail to make our voices heard. We should not be penalized for the problems caused by the US postal system! The current three day grace period goes a long way to ensure that these mail-in ballots arrive safely and are counted.

Thank you again for considering my thoughts on this matter. For the reasons above, I strongly encourage all of you to vote No on passing SB 365. The citizens of Kansas thank you.
