PROPONENT-WRITTEN TESTIMONY

Dear Chairman and Committee Members,

I am writing today to stand in full support of SB 365. I believe that the extension of any deadlines past "ELECTION DAY" is wholly unnecessary and ridiculous.

I firmly stand behind this bill because all election clerks have enough to do and worry about, before and after an election, so I think it worthy of the legislature to remedy this statute as provided.

Eventually I would love above all else for Election day to be ONLY ONE DAY again.

Please pass out SB 365.

Thank You so much for your time and attention to this matter!

Sincerely,

Missy Leavitt
