

Proponent Testimony
SB 365
5 February 2024
Senate Federal & State Affairs

Chairman Thompson, Vice-Chair Kloos, Ranking Minority Faust-Goudeau, and
Esteemed Members of the Senate Federal and State Affairs Committee,

Thank you for your work in the Kansas Senate. Today, I write in support of SB 365
which would require ballots to be in by 7pm Election Night.

You've heard many ways that our elections can be stolen, and to continue allowing
ballots to be counted for days after the deadline is wrong and unfair to We The
People. All Kansans have the ability to order their lives with a calendar that tells
them when Election Day is happening. We all can act like adults, plan ahead, and
ensure our ballots be in the right place at the right time—and that is 7:00pm when
polls close Election Day. No ballots need to be admitted after that day or time. Let's
leave no room for error or nefarious behavior and close this door of delayed ballot
return.

Thank you for your efforts, and I respectfully request you support SB 365!

Melissa Campbell
District 9
