**MEMORANDUM**

To: Senate Committee on Financial Institutions and Insurance  
From: Office of Revisor of Statutes  
Date: March 1, 2023  
Subject: Bill Brief, HB 2093

---

House Bill 2093 creates a new provision of law, amends K.S.A. 44-588, and repeals K.S.A. 12-2623 and 44-587 for the purpose of eliminating assessments paid by group-funded insurance pools and group-funded workers' compensation pools, refunding current balances in the associated fee funds and winding down such funds. The bill passed the House Committee of the Whole on a vote of 120-1 on February 16, 2023.

Under K.S.A. 12-2623, shortly after January 1, the insurance commissioner is responsible for estimating the expenses for the state supervision of the group-funded insurance pools for the fiscal year beginning on July 1. Not later than June 1 of the year, the commissioner then notifies each of the participants of the group-funded pools of the amount of each assessment which then is due on July 1 of the year. The moneys are paid into the group-funded pools fee fund. The identical process for group-funded workers compensation fee funds occurs under K.S.A. 44-587.

House Bill 2093 would wind up the assessment process and refund all moneys in the two fee funds. The bill also creates the group-funded pools refund fund and directs the director of accounts and reports to transfer the balances and existing liabilities of the group-funded pools fee fund and the group-funded workers' compensation fee fund into the refund fund. The remainder of the moneys left in the refund fund would then be returned to the entities that paid into the fee funds, on a pro-rata basis, based upon the premium taxes paid by each entity in the 2022 fiscal year.

The bill would then abolish the group-funded pools fund and the group-funded workers' compensation fee fund. The refund fund itself would be abolished on July 1, 2024.

Lastly, section 2 of the bill strikes a portion of K.S.A. 44-588 that refers to fees paid pursuant to K.S.A. 44-587, as this is the one of the fees being abolished.
