

Written testimony for SB314

Opponent

Senate Public Health Committee:

I am submitting this written testimony in opposition to SB 314. This bill has the potential to put our children, schools & general public in high danger. The Covid-19 vaccine has been shown to reduce the risk of illness, hospitalization and death.

I urge you to vote no on SB314 and not alter immunization requirements.

Regards,

Nina Fricke, private citizen
