Re: HB 2207

Dear Committee Members:

I am writing in support of HB 2207 which provides for Series LLCs to form and conduct business in Kansas. It is my belief that the adoption of this legislation by the State Legislature would prove to have a lasting positive impact on the economy and the business environment in Kansas. Authorization of this new business entity would not only allow Kansas to retain businesses that would otherwise have no choice but to organize in other states to obtain this entity structure, but also remain on the forefront of business law as an attractive place for businesses from around the United States to operate; therefore drawing jobs and increased tax base. HB 2207 promotes business, jobs, opportunity, and economic growth in Kansas.

Very Truly Yours,

Megan E. Bray
