The bill also would amend the definition for the crime of blackmail, by adding threats to disseminate materials obtained using electronic or other means to secretly videotape, film, photograph, or record an identifiable person who is nude or in a state of undress. That act would be a severity level 4, person felony.

## **Background**

In the House Committee on Corrections and Juvenile Justice, a representative of the Kansas County and District Attorney's Association appeared in support of HB 2051. No opponents presented testimony.

The Kansas Sentencing Commission estimates that passage of HB 2151 would result in an increase of one adult prison bed in 2012 and four beds by 2020. As the number of male inmates already exceeds capacity, the bed impact of this bill in addition to the impact of other possible legislation is likely to require additional expenditures. The Governor's Recommended FY 2012 Budget includes \$2.5 million for contract prison beds and, if construction is necessary, the Department of Corrections has identified two expansion projects: two high medium housing units at El Dorado Correctional Facility, with 512 beds at a cost of \$22.7 million for construction and \$9.3 million for operation; and one minimum security housing unit at Ellsworth Correctional Facility, with 100 beds at a cost of \$5.9 million for construction and \$1.8 million for operation.

The Office of Judicial Administration indicates that any increases in litigation would likely be accommodated within existing resources.

The Board of Indigents Defense Services estimates it would be required to defend three cases each year at a cost of \$1,000 per case, with a total annual increase of \$3,000.
