

2012 Kansas Statutes

19-2726. Same; contracts for lighting. If upon the hearing of such petition the board of county commissioners finds that the petition conforms to the provisions of this act, that notices have been served as herein provided, that the proposed street or highway lighting is reasonably necessary for the public convenience, welfare and safety, and that the same will be of special benefit to the property affected, it may order such lighting to be done and may enter into a contract therefor.

History: L. 1931, ch. 158, § 6; May 28.
