

2012 Kansas Statutes

34-135. Same; transfer of property; valuing and selling property; fee fund transferred. (a) On and after September 1, 1997, the department of agriculture shall succeed to whatever right, title or interest the Kansas state grain inspection department has acquired in any property in this state concerning grain inspection, including equipment and supplies from the protein laboratories and inspection laboratories. The director of Kansas correctional industries, or the director's designee, pursuant to the director's duties as operator of the state surplus property program, shall place a fair market value on such property. Upon receipt of such fair market value, the secretary shall offer for sale, at the fair market value, all property acquired in such transfer in a single lot to the entity that has been designated by the grain inspection, packers and stockyards administration as the official agency pursuant to the United States grain standards act. If such designated agency declines to purchase such property, the secretary shall offer for sale such property to the general public. All revenue received pursuant to such sale shall be deposited in the state treasury and credited to the grain inspection fee fund.

(b) On September 1, 1997, the grain inspection fee fund and all records of the grain inspection fee fund are hereby transferred to the secretary of agriculture for the purposes of this section.

(c) On and after September 1, 1997, all expenditures from the grain inspection fee fund shall be made in accordance with appropriation acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the secretary of agriculture or the secretary's designee. On and after September 1, 1997, the secretary of agriculture shall pay all outstanding liabilities of the grain inspection fee fund as evidenced by encumbrances of moneys credited to the grain inspection fee fund. After such payment of all outstanding liabilities of the grain inspection fee fund, the secretary of agriculture shall transfer the amount of money equal to the amount of money credited to the grain inspection fee fund on December 1, 1993, from the grain inspection fee fund to the warehouse fee fund, created in K.S.A. 34-101, and amendments thereto. The remaining moneys credited to the grain inspection fee fund shall be maintained in such fund. Such moneys shall be expended only if necessary to reestablish or designate a state agency pursuant to statute to perform the duties and functions of grain inspection. On or before the 10th of each month, the director of accounts and reports shall transfer from the state general fund to the warehouse fee fund interest earnings based on:

- (1) The average daily balance of moneys in the grain inspection fee fund for the preceding month; and
 - (2) the net earnings rate of the pooled money investment portfolio for the preceding month.
- (d) The secretary may maintain the leases of the grain inspection department until October 1, 1997.

History: L. 1997, ch. 160, § 8; Aug. 1.
