

2012 Kansas Statutes

47-672. Equipment for control and eradication of scabies; fees for use; disposition. (a) The animal health commissioner of the Kansas department of agriculture division of animal health is hereby authorized to supervise the operation of cattle and other animal dipping equipment which is used in the control and eradication of scabies in cattle and other animals and which is made available by the federal government for use by livestock producers and others under the supervision of the animal health commissioner. The animal health commissioner is hereby authorized to fix, charge and collect a fee from the owner of such cattle and other animals which are dipped as provided in this section, in an amount of not more than \$5 per head, to recover all or part of the costs of operating and maintaining such cattle and other animal dipping equipment.

(b) All moneys received by the animal health commissioner for fees under this section shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the animal disease control fund, which is hereby created. All expenditures from the animal disease control fund shall be made in accordance with appropriations acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the animal health commissioner or by a person or persons designated by the animal health commissioner.
