(2) if the application is for original registration, a reclamation plan detailing the postmining land use, how the final reclamation will be achieved and illustrating the proposed final topography;

(3) if the application is for renewal and changes have been made in the reclamation plan last filed, an updated reclamation plan;

(4) if the application is for renewal and no changes have been made in the reclamation plan last filed, a statement of that fact;

(5) the description shall include the section, township, range and county in which the land is located and shall otherwise describe the land with sufficient certainty to determine the location and to distinguish the land to be registered from other lands;

(6) a statement explaining the authority of the applicant's legal right to operate a mine on the land; and
