

2012 Kansas Statutes

65-424b. Same; construction, operation and leasing by certain municipalities authorized. Any city, county, township or any combination thereof, or any hospital district heretofore or hereafter organized which is authorized to acquire a site, construct, reconstruct, equip, maintain, operate or lease a hospital is hereby authorized and empowered to acquire a site, construct, reconstruct, equip, maintain, operate or lease a medical facility in like manner as it is authorized to do in respect to hospitals. All the laws relating to hospitals which apply to any such city, county, township or any combination thereof, or any hospital district heretofore or hereafter organized shall be applicable to the acquisition of a site for and the construction, reconstruction, equipment, maintenance, operation and leasing of a medical facility by such city, county, township or any combination thereof and any hospital district insofar as the same can be made applicable.
