

2012 Kansas Statutes

65-4515. Necessary personnel and expenditures; assistance for owners of small systems and facilities. The secretary shall employ such persons and make such expenditures as are necessary to implement, operate and maintain the certification program. The secretary shall assist the owners of small water supply systems and wastewater treatment facilities in developing cooperative agreements to secure the supervision of such systems and facilities by certified operators.

History: L. 1975, ch. 510, § 15; July 1.
