

2012 Kansas Statutes

66-1,208. Same; general supervision and inspection of utilities; liability for damages. The commission shall have general supervision of all natural gas public utilities doing business in this state and shall inquire into any neglect or violations of the laws of this state by any natural gas public utility or by the officers, agents or employees thereof. From time to time, the commission shall carefully examine and inspect the condition of each natural gas public utility, its equipment, the manner of its conduct and its management with reference to the public safety and convenience. Nothing in this section shall be construed as relieving any natural gas public utility from its responsibility or liability for damage to person or property.
