

2012 Kansas Statutes

74-4909a. KPERS board; study of conversion of system from deferred benefit plans to deferred contribution plans. The board of trustees of the Kansas public employees retirement system shall conduct a study which shall be reported to the legislature at the beginning of the 1996 regular session of the legislature. The study shall be conducted to determine and analyze the effects of converting the systems administered by the board of trustees from defined benefit plans to defined contribution plans with respect to current or future state employee members of such systems, or both.

History: L. 1995, ch. 267, § 41; July 1.
