

2012 Kansas Statutes

75-1229. Same; inspections; notice of determination; visibility of model number. After inspecting any tie down or ground anchor submitted for approval by a manufacturer pursuant to K.S.A. 75-1228, and reviewing the supportive data submitted therewith, the secretary shall determine the compliance or noncompliance of such tie down or ground anchor with the standards applicable thereto and in any rules and regulations adopted by the secretary, and the secretary shall notify the manufacturer thereof of such determination, except that the secretary shall not approve any ground anchor which does not have all components thereof clearly and permanently marked with the model number so that it is readily visible after the anchor is installed.

History: L. 1974, ch. 375, § 4; L. 1978, ch. 336, § 18; July 1.
