

2012 Kansas Statutes

75-3048b. Same; central duplicating to provide library with copies of certain publications. The central duplicating service of the department of administration shall make two additional copies of each publication that it reproduces in more than fifty (50) copies and shall deliver such additional copies to the state library for its use, except that no such additional copies shall be so made or delivered in the event that they are of a confidential class of material or if central duplicating is advised that they are of a confidential nature.

History: L. 1972, ch. 316, § 2; July 1.
