

2012 Kansas Statutes

76-740. Same; reimbursement for certain costs; federal guidelines. Whenever an institution performs a research project pursuant to a contract between the institution and a state agency, such contract shall require reimbursement to the institution for direct costs and indirect costs for the research project as prescribed by the contract, subject to the federal guidelines for that research project.

History: L. 1979, ch. 301, § 2; July 1.
