

2012 Kansas Statutes

82a-1102. Same; state participation only if federal funds available; approval of projects, basis.

The state shall not participate in any project unless it shall first be determined that federal funds will be available, and unless appropriations are available therefor. Any procedure established for approval of projects should emphasize local responsibility and each project shall be handled on a separate basis with approval or disapproval after considering the merits of the individual project.
