

## HOUSE ENERGY AND ENVIRONMENT COMMITTEE

### COMMITTEE TOUR

At 9:30 a.m., Tuesday, March 5, (no session due to turnaround) a number of Committee members and staff toured the Wolf Creek Nuclear Plant, Burlington, Kansas to observe its operation. The group was joined by several members of the House Utilities and Telecommunications Committee and a couple of Senators. Hosts for the tour were Westar Energy, Kansas City Power & Light Company, and Kansas Electric Power Cooperative (KEPCo). The tour concluded in the middle of the afternoon.
