RE: Second Amendment Protection Act HB 2199

In Support

Representative Siegfried, Representative Brunk and Committee Members

I support HB 2199 for the following reasons:

My name is Leah Herron, I am a wife, a mother, and a teacher. I have had my concealed carry license for the past two years. I carry a gun for my own personal protection. I am the face of an American gun owner. I am not a criminal. I am a law abiding citizen. The Federal government and several states are working to strip me of this right. I am watching my own government seek to punish me, the law abiding citizen, because they refuse to enforce laws that are already on the books and punish the law breakers. If gun laws and gun bans worked, Chicago would be crime free and NOT one of the worst cesspools of crime in the world.

Let me refresh you on the second amendment of the United States Constitution.

A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed.

SHALL NOT BE INFRINGED! It is your job to protect the citizens of Kansas against Tyranny imposed by the federal government. I have read this bill and I agree with every word. I ask that you vote YES on the Second Amendment Protection Act and send it to the full House for a vote.

My right to keep and bear arms is my inalienable right and I will not be disarmed. I ask that you protect me as a law abiding citizen of Kansas and the United States. Please vote yes on this bill.

I will stand for questions.

Thank you.
