Committee
From: David Wiese, Assistant Revisor
Date: March 13, 2013
Re: SB 216, public building commissions

Senate Bill No. 216 amends current law concerning public building commissions to allow a public building commission to acquire land and facilities adjacent to, near, or for the use of a municipal university, similar to what such commission is currently allowed to do for any state board of regents' institution.

The bill also allows a public building commission to acquire fee simple title to real property, or a leasehold interest in real property located on the campus of any municipal university as such commission is currently allowed to do for any state university.
