(c) It shall be a violation of this section to carry an unconcealed firearm if the building is posted in accordance with rules and regulations adopted by the attorney general pursuant to subsection (d). Any person who violates this section shall not be subject to a criminal penalty but may be subject to denial to such premises or removal from such premises.

New Sec. 6. (a) Possession of a firearm under the influence is knowingly possessing or carrying a loaded firearm on or about such person, or within such person's immediate access and control while in a vehicle, while under the influence of alcohol or drugs, or both, to such a degree as to render such person incapable of safely operating a firearm.

(b) Possession of a firearm under the influence is a class A nonperson misdemeanor.

(c) This section shall not apply to:

(1) A person who possesses or carries a firearm while in such person's own dwelling or place of business or on land owned or possessed by such person; or

(2) the transitory possession or use of a firearm during an act committed in self-defense or in defense of another person or any other act committed if legally justified or excused, provided such possession or use lasts no longer than is immediately necessary.

(d) If probable cause exists for a law enforcement officer to believe a person is in possession of a firearm under the influence of alcohol or drugs, or both, such law enforcement officer shall request such person submit to one or more tests of the person's blood, breath, urine or other bodily substance to determine the presence of alcohol or drugs. The selection of the test or tests shall be made by the officer.

(e) (1) If a law enforcement officer requests a person to submit to a test of blood under this section, the withdrawal of blood at the direction of the officer may be performed only by:

(A) A person licensed to practice medicine and surgery, licensed as a physician's assistant, or a person acting under the direction of any such licensed person;

(B) a registered nurse or a licensed practical nurse;

(C) any qualified medical technician, including, but not limited to, an emergency medical technician-intermediate, mobile intensive care technician, an emergency medical technician-intermediate/defibrillator, an advanced emergency medical technician or a paramedic, as those terms are defined in K.S.A. 65-6112, and amendments thereto, authorized by medical protocol; or

(D) a phlebotomist.

(2) A law enforcement officer may direct a medical professional described in this subsection to draw a sample of blood from a person if the person has given consent or upon meeting the requirements of subsection (d).

(3) When so directed by a law enforcement officer through a written statement, the medical professional shall withdraw the sample as soon as practical and shall deliver the sample to the law enforcement officer or another law enforcement officer as directed by the requesting law enforcement officer as soon as practical, provided the collection of the sample does not jeopardize the person's life, cause serious injury to the person or seriously impede the person's medical assessment, care or treatment. The medical professional authorized herein to withdraw the blood and the medical care facility where the blood is drawn may act on good faith that the requirements have been met for directing the withdrawing of blood once presented with the written statement provided

for under this subsection. The medical professional shall not require the person to sign any additional consent or waiver form. In such a case, the person authorized to withdraw blood and the medical care facility shall not be liable in any action alleging lack of consent or lack of informed consent.

(4) Such sample or samples shall be an independent sample and not be a portion of a sample collected for medical purposes. The person collecting the blood sample shall complete the collection portion of a document provided by law enforcement.

(5) If a sample is to be taken under authority of a search warrant, and the person must be restrained to collect the sample pursuant to this section, law enforcement shall be responsible for applying any such restraint utilizing acceptable law enforcement restraint practices. The restraint shall be effective in controlling the person in a manner not to jeopardize the person's safety or that of the medical professional or attending medical or health care staff during the drawing of the sample and without interfering with medical treatment.

(6) A law enforcement officer may request a urine sample upon meeting the requirements of subsection (d).

(7) If a law enforcement officer requests a person to submit to a test of urine under this section, the collection of the urine sample shall be supervised by:

(A) A person licensed to practice medicine and surgery, licensed as a physician's assistant, or a person acting under the direction of any such licensed person;

(B) a registered nurse or a licensed practical nurse; or

(C) a law enforcement officer of the same sex as the person being tested.

The collection of the urine sample shall be conducted out of the view of any person other than the persons supervising the collection of the sample and the person being tested, unless the right to privacy is waived by the person being tested. When possible, the supervising person shall be a law enforcement officer. The results of qualitative testing for drug presence shall be admissible in evidence and questions of accuracy or reliability shall go to the weight rather than the admissibility of the evidence. If the person is medically unable to provide a urine sample in such manner due to the injuries or treatment of the injuries, the same authorization and procedure as used for the collection of blood in paragraphs (2) and (3) shall apply to the collection of a urine sample.

(8) The person performing or assisting in the performance of any such test and the law enforcement officer requesting any such test who is acting in accordance with this section shall not be liable in any civil and criminal proceeding involving the action.

(f) (1) The person's refusal shall be admissible in evidence against the person at any trial on a charge arising out of possession of a firearm under the influence of alcohol or drugs, or both.

(2) Failure of a person to provide an adequate breath sample or samples as directed shall constitute a refusal unless the person shows that the failure was due to physical inability caused by a medical condition unrelated to any ingested alcohol or drugs.

(3) In any criminal prosecution for a violation of this section, if the court finds that a person refused to submit to testing when requested pursuant to this section, the county or district attorney, upon petition to the court, may recover on behalf of the state, in addition to the criminal penalties provided in this section, a civil penalty not exceeding \$1,000 for each violation.

(g) If a person who holds a valid license to carry a concealed handgun issued pursuant to K.S.A. 2013 Supp. 75-7c01 et seq., and amendments thereto, is convicted of a violation of this section, such person's license to carry a concealed handgun shall be revoked for a minimum of one year for a first offense and three years for a second or subsequent offense.

(h) In any criminal prosecution for possession of a firearm under the influence of alcohol or drugs, or both, evidence of the concentration of alcohol or drugs in the defendant's blood, urine, breath or other bodily substance may be admitted and shall give rise to the following:

(1) If the alcohol concentration is less than .08, that fact may be considered with other competent evidence to determine if the defendant was under the influence of alcohol or drugs, or both.

(2) If the alcohol concentration is .08 or more, it shall be prima facie evidence that the defendant was under the influence of alcohol.

(3) If there was present in the defendant's bodily substance any narcotic, hypnotic, somnifacient, stimulating or other drug which has the capacity to render the

defendant incapacitated, that fact may be considered to determine if the defendant was under the influence of alcohol or drugs, or both.

(i) The provisions of subsection (h) shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of alcohol or drugs, or both.

(j) Upon the request of any person submitting to testing under this section, a report of the results of the testing shall be made available to such person.
