

SELECTED KANSAS FOSTER CARE SYSTEM DATA

Provided by Kansas Department for Children and Families;

Compiled and Formatted by Kansas Legislative Research Department.

November 2015

Foster Care Population

- As of June 2015, 6,517 children were in foster care in Kansas. Among all counties, Sedgwick had the most children in out-of-home placement: 919 (14.1%).
- Children ages 1 to 3 have consistently been the largest percentage of children in foster care for FY 2011 through FY 2015, representing 20% of the population.
- Majority of children in foster care FY 2011 through FY 2015 have a Non-Hispanic ethnicity (88%).
- 80% of children in foster care FY 2011 through FY 2015 are Caucasian. From FY 2011 to FY 2015, there has been a decrease in African American children in the foster care population from 20% in FY 2011 to 16% in FY 2015.

Out of Home Placement Settings

- The majority of children in foster care are placed in Family Foster Homes (FFHs), followed by Relative placements. Foster Homes account for approximately 58% of placements during this five-year time frame, although there was a slight decrease in FY 2015. Relative placements represent around 30% of placements, with a slight increase in FY 2015 to 33%.

Foster Home Licensing & Inspection Data

- As of June 2015, Kansas had 2,872 licensed foster homes.
- In July 2015, foster home licensing was transferred from the Kansas Department of Health and Environment (KDHE) to the Department for Children and Families (DCF).
- Note: the data on the following pages are for facilities, not individuals, and thus a move or other change that might impact facility ownership will affect licensure even if the foster parents do not themselves change.

Substantiated Maltreatment

- After DCF's investigation is completed, the agency makes a finding regarding the allegations. The purpose of the finding is to determine whether the report of abuse or neglect is valid. An unsubstantiated finding may still result in removal.
- An “unsubstantiated” finding means the facts and circumstances do not provide clear and convincing evidence to meet the KSA or KAR definition of abuse or neglect.
- A “substantiated” finding means the facts or circumstances provide clear and convincing evidence to conclude the alleged perpetrator's actions or inactions meet the KSA or KAR definition of abuse or neglect and, therefore, the perpetrator should not be permitted to work, reside, or regularly volunteer in a child care facility regulated by the DCF licensing division.

Substantiated Maltreatment – FY 2015 Statistics

Numerator: The number of children in out of home served year to date who were not a victim of a substantiated maltreatment incident by a foster parent or placement facility employee.

Denominator: The number of children in out of home placement served year to date. The definition of children "served year to date" is the number of children in out of home placement on the last day of the previous year plus all new referrals to out of home placement in a state fiscal year.

Source: FACTS

Substantiated Maltreatment – Number of Homes

- In FY 2011, of the 12 children who were a victim of substantiated maltreatment from foster parent or placement facility employee, this involved 8 different foster homes and 1 facility.
- In FY 2012, of the 14 children who were a victim of substantiated maltreatment from foster parent or placement facility employee, this involved 8 different foster homes and 1 facility.
- In FY 2013, of the 16 children who were a victim of substantiated maltreatment from foster parent or placement facility employee, this involved 11 different foster homes and 2 different facilities.
- In FY 2014, of the 23 children who were a victim of substantiated maltreatment from foster parent or placement facility employee, this involved 15 different foster homes and 1 facility.
- In FY 2015, of the 29 children who were a victim of substantiated maltreatment from foster parent or placement facility employee, this involved 12 different foster homes and 2 different facilities.

Alcohol & Tobacco Use

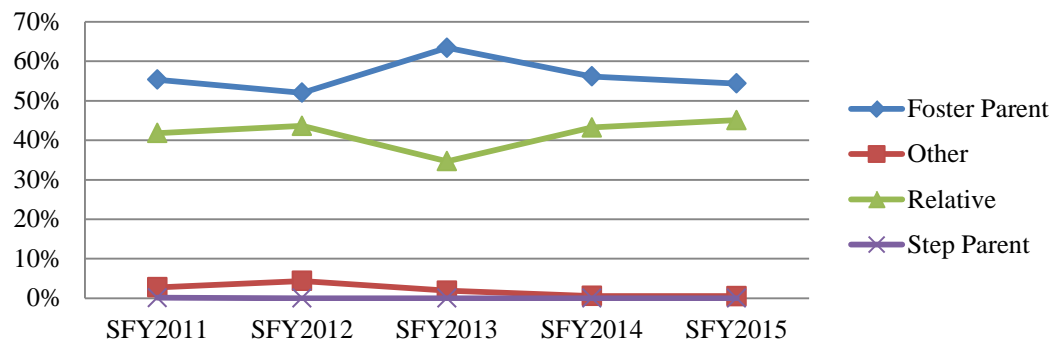

- KAR 28-4-800(y) defines smoking as "being in possession of a lighted cigarette, cigar, pipe or burning tobacco in any device." The Child Placing Agency and Residential Facility Division has interpreted this definition to include electronic cigarettes and vapor products.
- KAR 28-4-819(f) prohibits smoking inside the FFH when children are in placement whether they are on the premises or not. Smoking is prohibited within 10 feet of a child in foster care when outside.
- KAR 28-4-819(f)(2) requires licensees to prohibit smoking or use of any tobacco product by a foster child under 18 years of age.
- KAR 28-4-816(d)(6) prohibits smoking in a vehicle when a child is in placement whether in the vehicle or not.
- KAR 28-4-819(b)(2) prohibits any caregiver from being in a state of impaired ability due to the use of alcohol or other chemicals, including prescription or non-prescription drugs.
- KAR 28-4-819(a)(4) requires any caregiver (including a foster parent) who experiences a significant change in physical, mental, or emotional health, including indications of substance abuse, to have, at their own expense, an assessment of current health status upon the request of the Secretary or the home's sponsoring child placement agency. The assessment must be performed by a practitioner licensed or certified in Kansas to treat the specific condition which is the basis of the request. The assessor must meet with the approval of the requester. The caregiver must provide a release so the requester may obtain information from the doctor assessing the situation.

Foster Care & Adoption

*This report only includes finalized adoptions of children while in State custody.

Adoptive Parent Relationship SFY2011 - SFY2015

Additional Foster Care & Adoption Reports

- Adoptions Finalized FY 2015, FY 2016 (through September) (attached, p. 151)
 - By region
 - By gender and age
 - By race
 - By ethnicity
 - Adopted with sibling
 - Special needs adoptions
 - Adoptive parent relationship
- Number of Children Awaiting Adoption FY 2015, FY 2016 (through September) (attached, p. 159)
 - By month
 - By county

Additional Foster Care Reports

- Contractors' Quarterly Reports (attached, p. 167)
 - KVC, April 1 – June 30, 2015
 - St. Francis (West Region), April-June, 2015
 - St. Francis (Wichita Region), April-June, 2015
- Crossover Youth Report, FY 2005 – FY 2014 (attached, p. 210)
 - Summary: of all youth 10 years of age and older who exited out of home placement through DCF in FY 2005 through FY 2014, 8% were subsequently placed in the custody of the Deputy Secretary of Juvenile Services at some point.

Data Requested but Not Available

- Organizational/system charts (in development)
- Foster parent arrests (*conviction* data available and provided)
- Number of foster homes by family structure (husband and wife, single parent, etc.)
- Number of foster homes in which alcohol or tobacco are used.

Attachments

- (Presented in the order referenced above.)

FY 2015 Removals, Exits and Out of Home Summary (FACTS)

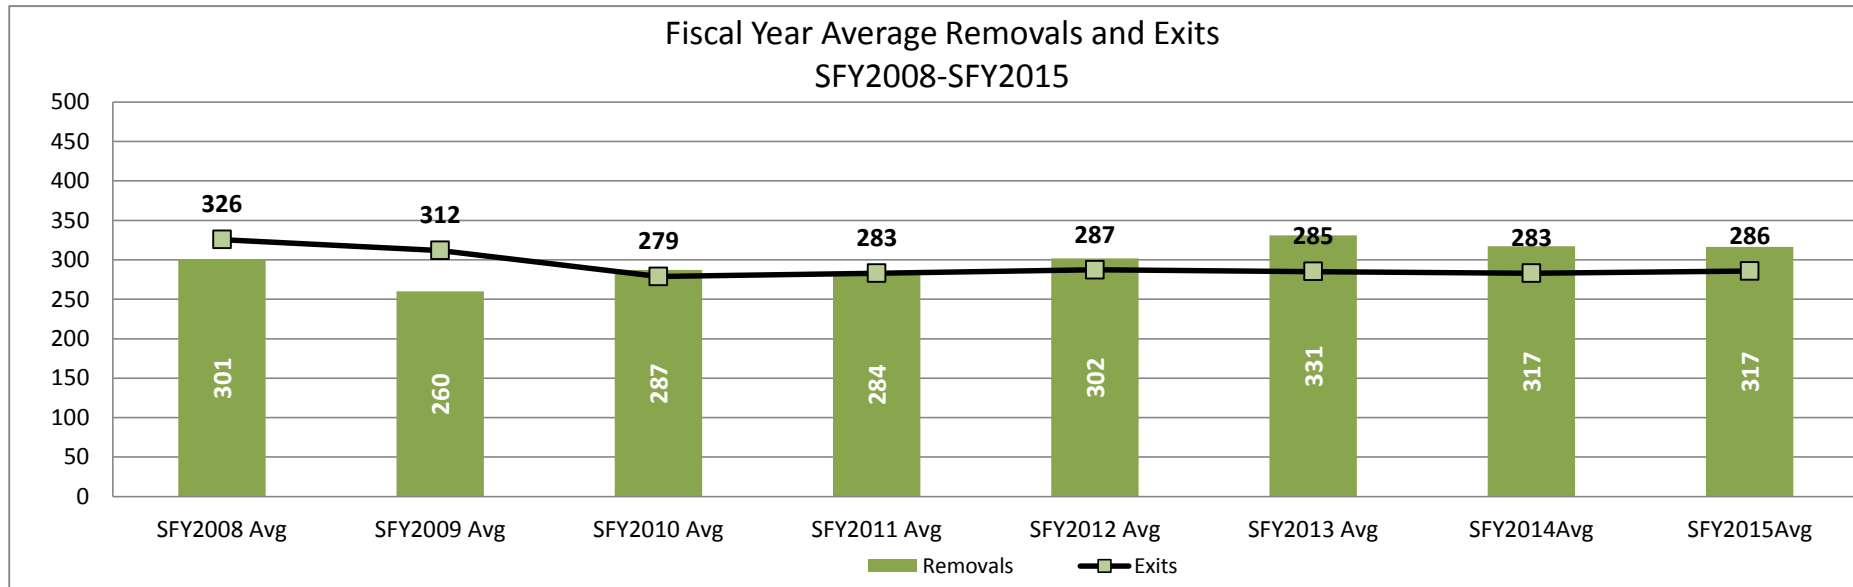

This report contains information on the number children removed into foster care in a given month, the number of children who exited foster care placement outside of their home in a given month, and the number of children who are in a foster care placement outside of their home (OOH) on the last day of each month. Information is provided by DCF Region and County.

**Reintegration/Foster Care/Adoption
Quarterly Report
KC Metro and East Regions
April 1, 2015 – June 30, 2015**

**Submitted by:
Chad Anderson LSCSW, President
Danielle Bartelli LPC, Vice President of Operations
Dr. Linda Bass, Vice President of Clinical Services**

Overview

During the last fiscal year, 1,577 children have reached permanency through the support of KVC Case Managers, Family Support Workers, Supervisors, and Intensive In-Home Therapists (779 permanencies in the KC Metro and 798 in the East Region). To celebrate all of the children reintegrated with their families throughout the year, KVC hosted two Families United events.

The Families United event in the KC Metro was held on June 18, 2015 in Antioch Park. Over 100 family members were in attendance which is the largest attendance since KVC began this event three years ago. Characters from Frozen and Star Wars joined the celebration. Several lucky families won bikes, gift cards, iPods, and a Wii, but all children left the event with a toy in hand.

The Families United event in the East was held on June 20, 2015 at the Topeka Zoo. Over 100 family members were in attendance to celebrate their successful reintegration. KVC staff served lunch and hosted games throughout the zoo as families enjoyed their time together. Over 25 prizes were given out to families participating in the event that day.

The success of the events involves many months of staff planning, gathering donations from local vendors, securing a family-friendly place, and creating games and activities for families. It is also an opportunity for KVC staff to congratulate and show their support for all of the hard work that has been done by families to achieve this success.

Best Practice/Innovations/Highlights

Psychotropic Medication: KVC continues to focus on psychotropic medications prescribed to children in our care. Case Managers enter all medications prescribed into the database. The KVC system will send an alert to KVC's APRN, Medical Director, Vice President of Clinical Services, and Case Manager if the child has been prescribed two or more medications from the same class, three or more psychotropic medications, a lab is needed for the child, the dosage is above or below what is recommended for treatment, or if the child has remained on the same medications for the last six months with no change. All data is aggregated and reviewed by KVC's APRN and Medical Director.

Psychotropic Medication Review **Please see attachment**

Matching Children with Placements: Kansas is experiencing a shortage in foster home placements to meet the need of the children coming into out of home care. KVC is creating strategies to combat this challenge and ensure all children remain safe and in an appropriate level of placement that meets their needs.

- ❖ KVC is moving forward with an Integrated Services model. Integrated Services combines a Permanency Director and a Child Placing Director making one Director responsible for both permanency and placement for a child. Currently KVC has two Integrated Services Directors, one in the KC Metro and one in Southeast Kansas. The model has proven to be effective in these locations therefore moving forward KVC will have six Integrated Services Directors, four in the East Region and two in the KC Metro.
- ❖ KVC had initiated Placement Triage meetings and the most recent meeting was held in June to discuss placement efforts for youth discharging from PRTF. Due to the limited progress made through these discussions, the team focused discussion around identifying relative and non-related kinship placements for youth age 15.75 and older who have been in their placement less than 90 days. As this effort progressed, staff were able to identify several non-related kinship placements for these youth reducing the need for foster home placements. The team has since expanded the focus to all youth 15.75 and older, regardless of how long they have been in their placement.
- ❖ East Region Directors have identified several days each month dedicated to relative exploration in all of the East Region offices. Genograms will be completed for all youth, age 10 and older who are not already placed with a relative or non-related kinship placement.

Safe & Connected: TEAM (Together Everyone Achieves More) Consultations are in full swing at KVC occurring twice each month. The TEAM consists of at least three Directors; a CPA Director or Supervisor; VP of Operations, Clinical Services, or President; a Clinical representative from Outpatient; Kinship Care Coordinator;

Director of Independent Living Services if youth is 16 years or older; the Case Manager and Supervisor presenting the case; a facilitator; and a scribe. The cases are discussed utilizing the Safe & Connected Framework. Supervisors and Case Managers sign up cases for discussion where there are barriers to permanency, difficulty in placing siblings together, children at risk of re-entry, etc. KVC Leadership also provides coaching for new facilitators of the framework during these discussions.

Safe & Connected Consultations are also being conducted throughout the agency. The Framework is being utilized to encourage critical thinking and organized planning for a family. In many offices, the Framework is being completed during case planning conferences with the family, cases transitioning from permanency to aftercare, and during group supervision. The goal for KVC is for all cases to be discussed through Safe & Connected Consultations with the use of the Framework to guide the discussion.

TST Consultation: KVC currently has three TST Master Trainers providing six opportunities each week for TST Consultation. Children disrupting from placement are being referred for consultation in an effort to stabilize the placement. KVC's Outpatient Therapists are also all trained in Trauma Systems Therapy and are available to provide therapeutic service to children or consultation to staff.

In partnership with the Parsons community, KVC provided a Trauma Training to all community partners in Parsons. Participants were from the school district and community mental health center. KVC continues to work with this community that does not have the resources to meet the needs of the foster children placed there.

KIPP: KIPP is nearing the end of the five year grant period. Outcomes released so far are very noteworthy. Children who participate in KIPP services spent 144 fewer days in foster care, experienced fewer placement moves, fewer days in hospital and PRTE, and were more stable when reunified with a caregiver. Staff turnover rates for KIPP therapists are also significantly lower than other child welfare positions. Case examples have been selected from the treatment and control groups to establish the effectiveness of the program and to assist with sustainability efforts.

Jupiter, age 17, spent six months in foster care before being reunified with his parent. While in care he experienced two foster care placements prior to reunification and has since remained stable at home. [Treatment Group] Cory, age 15, spent nine months in foster care and experienced 24 foster placements, including nine hospital stays, 1 inpatient drug/alcohol, and 1 detention. Once reunified with his parent, Cory re-entered foster care. [Control Group]

Terry, age 12, spent nine months in foster care prior to reunification and experienced only one foster care placement while in out of home care. He successfully returned home to his parent and has successfully completed aftercare. [Treatment Group] Jeanne, age 17, has spent 30 (and counting) months in foster care. She has not reached permanency with a parent and has experienced 37 foster care placements including

nine hospital stays, and two incidents of being missing from placement. [Control Group]

There will be a no cost extension granted for year-six, which will allow contractors the ability to sustain some training resources to continue PMTO implementation; however, it will not be enough to fully support the program for year-six. KVC, St. Francis, KU, and DCF continue sustainability efforts to seek funding to support the program and its outstanding outcomes.

Contract/Outcome Initiatives

Adoption: KVC achieved 381 adoptions during this last fiscal year (200 adoptions in the KC Metro and 181 adoptions in the East Region). Diane Westerhaus, Adoption Supervisor in Shawnee County, recently enjoyed hearing from a family that adopted a child on National Adoption Day 2014.

ADOPTION STORY (East Region): Matthew was brought into custody in March of 2006. He had significant medical health needs including cerebral palsy and he was non-verbal. A nurse working with another child in Matthew's classroom instantly felt a connection with Matthew and reached out to KVC for more information about adoption. Her husband was a little reluctant at first, but after much thought and prayer, he agreed that Matthew should be a part of the family. Matthew's adoption was finalized on National Adoption Day 2014 and Ms. LeDuc, adoptive mother, recently contacted Ms. Westerhaus with pictures of a very happy boy and a message of gratitude for completing their family with the addition of Matthew.

Placement with Relatives: As mentioned above, Directors from offices with high relative percentages are traveling to low percentage offices to discuss genograms and family finding with Supervisors, Case Managers, and Family Support Workers to assist in the education of the importance of relative connection for children in care. A genogram was recently completed by staff in the Pittsburg office for a child who was brought into care on November 7, 2014. Due to some intensive investigative work, the Kinship Care Coordinator located the obituary for the child's father which lead to additional paternal relatives that were previously unknown to KVC. Letters were sent to relatives with an immediate response from a paternal grandmother and aunt who stated they have been looking for this child for the last fourteen years! KVC was also asked by the DCF Kansas City office to train DCF workers on the importance of relative placement and connections during a "lunch and learn" in June. This was an excellent partnership between KVC and DCF as we all learn to speak the same language when it comes to establishing connections for children in care.

Re-Entry: As foster care numbers rise, KVC has focused on timely permanency but also ensuring children that return home to their parents remain safely reunified without experiencing a return to foster care. Each case transitioning to KVC's Aftercare Services is discussed utilizing the Safe & Connected Framework. If there is risk for potential disruption based on the needs of the child and family, KVC will note this on the framework and continued follow up discussions will occur between Permanency and Aftercare utilizing the TEAM Consultation staffings. If a child that has been reunified is at risk of re-entry, the case planning team will convene which should include the family, to discuss the risk and establish protective factors that will enable the child to remain safely in the home and not have to re-experience an out of home placement.

Additionally, KVC has initiated an Administrative Review of Re-Entry cases in the KC Metro. A re-entry case is identified each month and the Integrated Services Directors and Aftercare Director in the Region along with the VP of Operations and VP of Clinical Services come together to discuss the case. Each participant reviews the entire case file prior to the meeting and then discussion occurs around gaps in services, barriers the family experienced, and any lessons learned. These discussions occur around the use of the Safe & Connected Framework. Recently, KVC has asked DCF to participate in these reviews to richen the discussion and ensure all resources are utilized when discussing the care of children of families.

In the East Region, KVC and DCF partnered together to prevent a re-entry from occurring following a mother's drug use. Three children were returned to their mother's care and soon after the reintegration the mother tested positive for methamphetamines and cocaine. The mother admitted to use due to stress because the father had recently moved out of the home and she instantly became a single parent to three children. DCF and KVC came together with the family and using the Safe & Connected Framework developed next steps which would prevent the

children from being removed from their mother's care. The family felt very supported throughout the process by both KVC and DCF and because she was able to participate in her own treatment needs she is more likely to successfully achieve and maintain her sobriety.

Community Partnerships: The CARE Portal, which is a faith-based partnership in Johnson County, launched in March 2015. Since that time, the CARE Portal has fulfilled the need for 20 beds, 3 car seats, 4 camp fees, and many other miscellaneous needs. It is so exciting to have such an amazing partnership in Johnson County. KVC looks forward to launching the same program across the regions.

In addition to the CARE Portal, Lindsey Stephenson has been working closely with Tate Williams on developing protective homes within Johnson County that can be used for Police Protective Custody placements. This program has been very successful and has even produced more licensed foster homes as protective homes decide they want to keep the children that have been placed in their homes. Angela Ryan arranged a conference call between Tate Williams and Venice Sloan of the 22nd Judicial District Juvenile Services in Hiawatha to discuss beginning protective homes in the Hiawatha area. Mr. Williams will assist with recruitment of homes and will work with Seth Montgomery, KVC Family Support Worker and local pastor, to make contact with area churches.

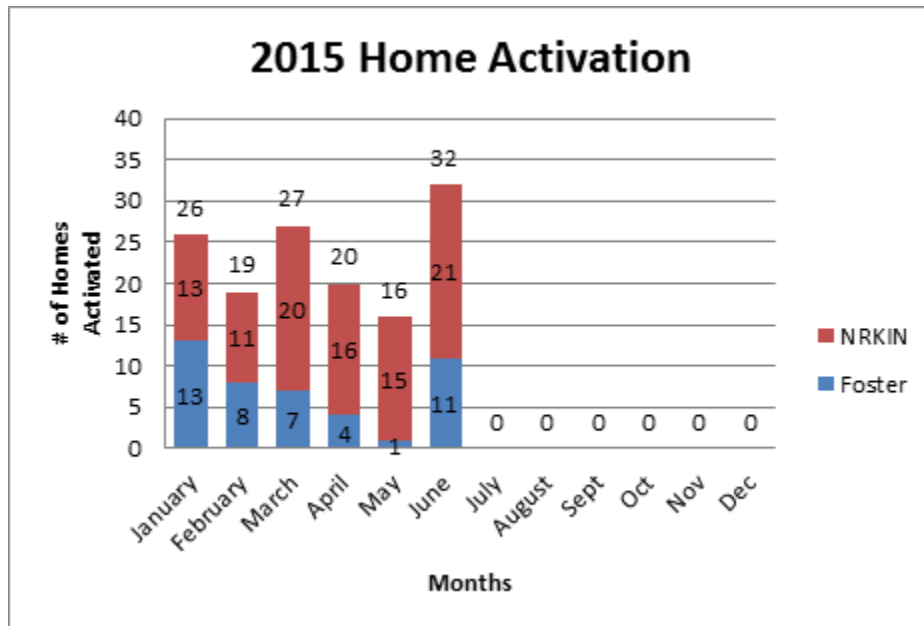

KVC partnered with Children's Mercy Hospital for a recruitment event called "Partnership for Hope." This was a foster care and adoption open house to aid in recruitment efforts and to raise awareness. Children's Mercy also sent email information out to over 4,000 of their staff detailing the different ways to become involved with KVC.

The Kansas City Royals and KCP&L, together with 3rd baseman, Mike Moustakas, debuted the first ever "Moose Lodge." KVC children and foster families participated in a meet and greet with Moustakas and then watched the game from the "Moose Lodge." KVC was also provided with the Buck O'Neill seat during the game which provided additional exposure to children in foster care. Also in June, the CARE Portal churches and Global Orphan project donated 100 Royals tickets to KVC for social work appreciation.

Recruitment and Retention of Foster and Adoptive Homes

KVC is currently waiting on approximately 45 new foster home licenses to be issued through KDHE which will help to alleviate some of the issue with the shortage of foster home placements. KVC is working with KDHE to ensure licensing paperwork

is complete and accurate to eliminate any further delay in the process of initiating the license to the home.

FAMILY SUCCESS = KVC SUCCESS

ADOPTION STORY (East): On April 15, 2015 APA was signed for two youth, ages 12 and 9. The two children were removed from the home of their biological parents in 2010 due to physical neglect and unsanitary home conditions. When the children came into care the oldest had several mental health diagnoses and was prescribed several medications. The youngest, which was 4 years old at the time, had no diagnosis however remained in diapers as his mother self diagnosed him as developmentally delayed and believed he was unable to learn basic functions. The biological mother relinquished her parental rights in April, 2012. At this time the boys had shown significant improvement in regards to their own development and neither were taking any medications, both were diagnosed with Adjustment Disorder. Soon after the children were legally free for adoption, a potential adoptive resource (NRKIN through church) came forward and completed PS-MAPP classes and eventually took placement of the children with the intent to adopt. Nine days prior to the adoption finalization, there were substantial allegations of physical abuse within the adoptive home and the children were immediately removed from the home. Despite being in this home for over a year, both boys courageously consented for KVC to begin recruiting for a new adoptive family. A potential adoptive resource was located in Virginia. A Best Interest Staffing (BIS) was held in October, 2014 and the resource was selected as the adoptive resource for both children. Following the BIS it was determined it would be in the best interest of the children to begin individual and sibling therapy in order to process the changes ahead of them and the move to Virginia. After a great amount of patience and

diligence from all involved parties and the children, the adoptive resource flew to Kansas to meet the boys in January, 2015. They had regular phone calls and visits via Skype and FaceTime throughout the month of February and in March the adoptive resource flew the boys to Virginia to visit her home. In April the adoptive resource again flew to Kansas to spend time with the children and APA was signed on April 15, 2015. On April 17, 2015 the boys moved to Virginia with their adoptive mother.

INDEPENDENT LIVING STORY (KC Metro): Ashley, placed with her high school principal, graduated from high school in May and transitioned into the SPERO House through a collaborative effort between KVC and a local church. She is enrolled at Johnson County Community College. Ashley has a mentor through the LIFE program as well as a support family through SPERO. She is interested in the nursing program at JCCC and is taking a CNA class this summer to prepare for her degree.

INDEPENDENT LIVING STORY (KC Metro): Two youth who were placed with their math teacher graduated in May and will be room-mates this coming semester at K-State. The foster placement has supported the youth in their driving hours and now both have their driver's license. The placement hosted a graduation party for these two youth and will continue to support them through college. The family and youth are going to Colorado this summer for a family vacation.

AFTERCARE STORY (KC METRO): Variety KC, an organization with headquarters in Shawnee, brought together five families with children with special needs to receive some incredible donations. A couple from the Kansas City area, who asked that their name not be used, donated four wheel-chair accessible adaptive vans and two adaptive bicycles to the families. The couple presented the gifts to the families in the Shawnee Town Hall parking lot. For Dixie and Alexis, 5-year-old identical twins, the adaptive bicycles meant they could ride bicycles with their older brothers and sisters. Their parents, Garry Huddleston of Shawnee and Sharon Huddleston said the gift means their daughters won't feel excluded anymore because of their ARSACS, a form of muscular dystrophy. "Now, they can go ride their bikes with their brothers," Sharon Huddleston said. Dixie and Alexis shared enormous smiles when they got onto their bikes for the first time.

AFTERCARE STORY (EAST REGION): A single mother worked extremely hard to have her three teenage children returned to her home. The family has endured some challenges since the children returned home. Within two months of reintegration, the children's grandfather passed away and soon after that the family dog was hit and killed by the school bus in front of the children. Despite these sad losses, the mother remained sober. She has actively worked her relapse prevention plan and is engaged in her aftercare services.

St. Francis Community Services Reintegration Foster Care and Adoption Quarterly Management Report

Date of Report: 7-30-15

Stakeholder/Advisory Board Meetings

Community Engagement Project – Bringing voices to the table

From Melissa Ness, Advocacy and Public Policy Advisor

Saint Francis Community Services is committed to fully integrating a community engagement component into our organization. Our effort to engage consumers, stakeholders, community leaders, and organizational partners committed to ongoing improvement and not only addresses but extends beyond a contract compliance issue. Community Engagement supports our success in carrying out best practices for children and families. This vision reflects the obligation to support our target population, based on the belief that support for vulnerable children and families goes beyond DCF and SFCS, and extends to the community level.

The Community Voices Project: Over the past year, we have taken the feedback received from previous Advisory Panel members to redesign our community engagement efforts. We have worked with the CPI team at DCF and discussed the ways we can use the feedback from our efforts on an ongoing basis. Over the last quarter, Saint Francis Community Voices has finalized the structure, process, and timelines for our Community Voices Project. In addition, we have briefed Dianne Carver and Candice Moten with DCF about the scope of our initiative and what we believe to be a replicable model in gathering qualitative information. Our intention is to provide more opportunities for DCF staff to review our approach.

The project consists of two primary components: The **Advisory Council**, is a standing committee that will meet 3 - 4 times per year; and periodic, evolving **Community Conversations**, that will take place 4 – 5 times per year in various communities around current, local issues that matter to children and families.

The **Advisory Council** is charged with providing insight and oversight in convening, facilitating, and integrating information gained from Community Conversations. The Advisory Council will help determine locations, connections, needs, and opportunities for local Community

Conversations. SFCS will synthesize the qualitative data, stories, and themes learned through regular Community Conversations back to the Advisory Council. The Advisory Council will then assist Saint Francis in determining how best to apply the information we have been able to gather and determining questions for future Community Conversations. In this way, we hope to create a sustainable process, locally-focused, with centralized oversight, to ensure meaningful community engagement with our partners and clients.

Community Conversations will be facilitated to gather feedback and insight around our Family Preservation Services, as well as our Foster Care and Adoption Services. In addition, we will also host Community Conversations around specific issues in children and family services, such as the need for parent supports, interventions for substance abuse, children returning to foster care, and unique community-level challenges.

The Community Voices Project will establish an essential source of feedback for Saint Francis Community Services programs, provide qualitative data for the Department for Children and Families and other initiatives for improving supports to children and families, and assist SFCS in identifying opportunities to advance the mission of Saint Francis Community Services.

2015 – 2016 Initial Timeline: Although our intent was to roll-out the Community Voices project during the most recent quarter, as challenges emerged (such as coordinating dates, clarifying roles, and communicating about the project internally and externally), we rescheduled those dates to ensure the successful implementation of the project. The following timeline has been established for 2015 – 2016, and will continue to change and evolve in an adaptive manner as the Advisory Council and Community Conversations begin to take place. We are however committed to the frequency of meetings that we have set out previously.

<i>Advisory Council</i>	<i>Wednesday August 26</i>	<i>Salina</i>
<i>Community Conversations*</i>	<i>Wednesday Sept 16</i>	<i>Wichita</i>
<i>Community Conversations*</i>	<i>Wednesday Nov 11</i>	<i>Manhattan</i>
<i>Community Conversations*</i>	<i>Wednesday Jan 20</i>	<i>Emporia</i>
<i>Advisory Council</i>	<i>Wednesday Feb 10</i>	<i>Salina</i>
<i>Community Conversations*</i>	<i>Wednesday Mar 9</i>	<i>Southwest Kansas</i>
<i>Advisory Council</i>	<i>Wednesday May 4</i>	<i>Salina</i>

**Two Community Conversations will be held on each of these dates*

Letters have been sent to Advisory Council members to invite them to initial August 26 meeting in Salina. Another letter will be sent out the week of August 3 confirming attendance and providing an overview of the agenda and the target meeting dates above.

SFCS Community Engagement Capacity: The Advocacy and Community Engagement Team at SFCS is co-chaired by Melissa Ness (Senior Advisor), Rachel Marsh (Director of Legal and

Community Engagement Services) and Angela Smith (Director of Mission Engagement). Part of the role of this team is to provide guidance, feedback, and support to the implementation and facilitation of the Advisory Council meetings and Community Conversations. Team members are building a community engagement mindset and will be participating strategically in the Community Voices Project to build capacity for hosting effective facilitated conversations.

On July 31, SFCS leadership – Directors and Managers across programs - will have the opportunity to learn more about the Community Voices project. At that time, we will begin specific discussion to gather information about local consumers, stakeholders, community leaders, and organizational partners to invite to local Community Conversations in the identified sites as well as other possible sites. In addition, we will identify employees and staff with a community engagement mindset to continually grow our Community Voices capacity.

Fatherhood Initiatives

SFCS held a “24/7 Dad” fatherhood course in Salina this quarter. The program is provided through the National Fatherhood Initiative. “24/7 Dad” is a nationally recognized program designed for any dad who wants to improve his knowledge and skills to help him raise healthy children. Classes focus on the characteristics men need to be good fathers 24 hours a day, 7 days a week. The focus of the course is to:

- *Increase pro-fathering knowledge, skills, and attitudes*
- *Increase father’s frequency of and healthy interaction with children*
- *Increase in healthy interaction with the mother of the children*
- *Decrease in habits of poor fathering/father absence*
- *Decrease in anti-fathering knowledge, skills, and attitudes*
- *Decrease in the social, emotional, and physical ills of children*

There were 12 class sessions, each of which was 1½ hours long. The topics covered during the course were:

- Family History – What it Means to be a Man, My role & Roles of Dad and Mom
- What It Means to Be a Man – Today’s Man, Body Image
- Showing and Handling Feelings – Holding Feelings Inside, Grief and Loss
- Men’s Health – Stress and Anger, Physical Health
- Communication – Ways to Communicate, Talking with Children
- The Father’s Role – The Ideal Father, What Kind of Father and Partner Am I?
- Discipline – Morals and Values, Rewards and Punishment

Nine fathers from Salina, Hays, Great Bend and El Dorado participated and completed the course. SFCS provided a meal and incentives for each class. All the fathers participated well, gaining a great deal of knowledge and skills to utilize in building and maintaining their relationships with their children and families.

KIPP – Kansas Intensive Permanency Project

The KIPP project is currently in the final year of a five year grant. While SFCS continues to be involved in the KIPP Steering Committee, KIPP Sustainability Committee and KIPP Implementation Team collaborating with Kansas University, DCF and KVC, the emphasis is on looking at long term sustainability for Parent Management Training Oregon (PMTO), the evidence based model. The Steering Committee meets monthly to continue to support the overall administration, data collection and sustainability of the project throughout the state. Each of the committees meets with the federal partners for evaluation and training and technical assistance to ensure the appropriate outcomes of the project are met.

This quarter the Sustainability Committee continued met regularly with Kansas Department for Children and Families, Kansas Department for Aging and Disability Services and Kansas Department for Health and Environment to look at possible funding options. As with many of the evidence based models the infrastructure that is built to assure appropriate training, coaching and fidelity to the model drives the cost of services up. Conversations continue as we reach out to other states for solutions to funding EBP's and with foundations for support of the infrastructure to assure fidelity. A white paper outlining the outcomes of this evidence based model; reduction in long term foster care, reduced usage of psychiatric residential treatment facilities for the youth along with the cost savings associated with the outcomes was been developed and submitted to KDADS. The paper outlined the outcomes seen when there is the ability to provide therapeutic parent management training to parents without the child present. The request is to work with the federal partner (CMS) to reimburse for parent only sessions utilizing the child's Medicaid Insurance. This next quarter we will meet with the MCO that are currently looking at alternatives to hospitalizations for children and youth. The Steering Committee continues to be committed to long term sustainability. KU has applied for a no-cost extension and if granted will have a continued year to look at sustainability while protecting the infrastructure that has been developed

During this quarter a Generation 3 cohort began a new training cycle that included not only reintegration therapists but family preservation therapists, PRTF therapist, and a therapist from Lyon County who works directly with Home Court in Emporia. Sustainability will be dependent on a farther reach then just reintegration, foster care and adoption.

In the West Region we currently have 1.5 FTE Supervisors, 2 Data Liaisons and 4 Clinicians. The clinicians are located in Manhattan, Emporia, Hutchinson and Garden City. They all serve a large geographical area surrounding their home office.

One supervisor is certified as PMTO therapist, trainer, coach and fidelity rater, one of the supervisors is certified as a PMTO therapist, coach, fidelity rater and is training to be a certified trainer. All four of the therapists have reached certification of the model. Two of the therapists are in training to be certified as trainers. One therapist is a certified coach and two are in training to be certified as coaches. Two therapists are reliable fidelity raters of the model. KVC and SFCS continue to collaborate in the providing training and coaching to the certified clinicians and the clinicians working towards certification.

In the this quarter we have served 22 families with a total of 180 sessions of parent or parent/child therapy while logging more than 252 hours of driving time to serve the families.

KAPP- Kansas Adoption Permanency Project

Kansas Adoption Permanency Project (KAPP), a cooperative agreement with Administration for Children, Youth and Families and University of Kansas School of Social Welfare in Partnership with the Department for Children and Family services, KVC Behavioral Healthcare, Inc. and Saint Francis Community Services, Inc., a five year project was funded beginning October 2013. SFCS meets several times a month in a steering committee that is comprised of all the partners and Kansas Department for Aging and Disability Services.

KAPP is an innovative, evidence-driven enterprise whose purpose is to establish a child welfare and mental/behavioral health system that : 1) uses evidence-informed and evidenced based interventions matched to the needs of children and families; and 2) promotes strong social-emotional well-being and permanency outcomes, especially adoption outcomes. KAPP is in Phase I of the grant gathering data and defining universal screening and assessment process for implementation in Phase II. Our Phase II Plan has been approved by the Children's Bureau this quarter.

The Steering Committee has been selected screening and assessment tools that would be utilized by both contract providers. SFCS will continue to utilize the Family and Child Profile as the assessment document but adding the CROPS (Child Report of Post-Traumatic Symptoms), CSDC-KS (Child Stress Disorder Checklist-Kansas), ASQ-SE 3 (Ages and Stages Questionnaire- Social Emotional), and the PSI (Parent Stress Index) to the NCFAS and CAFAS and PECFAS. All the tools are evidence based with psychometric properties. The use of the assessments by the case managers will allow them to better serve the families with case planning that addresses the needs both individually and as a family unit. Training will be provided in the administration and analyses of the tools to provide protocols for data driven case planning.

SFCS is working with New York University to deliver training and consultation on Trauma Systems Therapy. This will be a staged implementation beginning in summer of 2015 and ending summer of 2018. Over the course of the first 2 years we will be building an infrastructure to include Master Trainers and Consultants to continue to provide training and consultation to frontline staff to create a culture of trauma informed care and treatment for the children and families we serve. The first office to begin training in late spring/early summer will be our Salina Office.

KSSAF- Kansas Serves Substance Affected Families

KSSAF is a five year Regional Partnership Grant funded by US Department of Health and Human Services Administration on Children and Families. University of Kansas is partnering with Kansas Department for Children and Families, Department for Aging and Disability Service, KVC Behavioral Healthcare, Inc. and Saint Francis Community Services, Inc. to improve the well-being, ensure safety, and increase permanency for a subgroup of young children and their families affected by substance abuse. This Regional Partnership will increase the State's capacity to provide Strengthening Families Program to children ages 0-3 and their families who are in foster care with a case plan goal of reunification.

A Steering Committee comprised of all the partners meets monthly to coordinate and plan the implementation of this project. Training of facilitators is scheduled for the next quarter, with the first classes being offered in September of 2015. SFCS will pilot this in Salina and Hutchinson Kansas with the first class in Hutchinson.

Life Skills/Independent Living/Transition Planning

This quarter, SFCS continued to hold monthly RYAC meetings in both Regions. West had 12 attend in April, 20 in May, and 21 in June. Wichita had 37 attend in April, 13 in May, and 16 in June. The April topic was Vision Boards. In West Region in May, the topic was Planned Parenting with Barton County Health Department presenting a slide show on Sexually Transmitted Diseases and Infections. In May, Wichita region had a local nurse attend to discuss healthy relationships and STD's. Youth also had discussions for future RYAC meetings. Topics suggested included music, coping skills, cooking without a stove and cultural awareness. Youth also played the board game of "Life". Staff added additional cards using topics that would fit the youths' situations today based on the IL Services available to them. Youth also reviewed the draft forms of the new Transition Plan for Successful Adulthood.

At the June RYAC meetings, both regions discussed how using the Monthly Contact Form was another way youth could communicate with case team members. Each youth was given several copies of the form. Special guests, SFCS CEO Fr. Bobby Smith and Vice President Cory Rathbun, attended the June RYAC meeting in Great Bend. Fr. Bobby facilitated an open discussion with the youth that everyone enjoyed.

SFCS staff piloted the draft Transition Plan for Successful Adulthood this quarter and provided feedback to DCF IL program staff. Everyone loved it! Staff and youth report the form is much more youth and user friendly. Staff appreciate the helpful reminders that the new format provides both for youth and staff. Our Quality Assurance Manager worked with our policy and forms drive support staff to upload the new Transition Plan form on iConnect, our internal intranet website. We also made plans for training and rolling out the new form and expectations with staff on July 1st.

SFCS held a Skills and Drills Computer Course on May 16th. Twelve SFCS graduating seniors attended and received a free laptop, software, printer and other computer accessories after completing the class. SFCS was also able to get an iPad for a youth with special needs from western Kansas. Additional classes will be offered in the fall.

The "Drive On! Project" continues to enroll youth for summer driving programs throughout the state. To date, 13 youth have completed a Driver's Education course and 14 youth are approved and waiting for an open class.

The Links4Life Mentoring Program in Salina continues to recruit mentors and match them with available youth. There are currently 3 youth matched with mentors.

Human Trafficking

Beginning January 1, 2014 any child a law enforcement officer reasonably believes to be a victim of human trafficking shall be taken into police protective custody. Law Enforcement shall contact SFCS to provide a Rapid Response Human Trafficking assessment at any location the office has taken the child.

During this quarter a Rapid Response Team members have continued to team up with the Attorney General's office and has participated in trainings for local law enforcement and Juvenile Intake and Assessment staff throughout the West Region. The training included protocols for an on-call process that SFCS has put in place. Law Enforcement will contact our 888-SFA-HOPE (1-888-732-4673) and a Rapid Responder will be able to respond within four hours to the location of the youth.

In addition, SFCS staff participated in the DCF hosted community forums in the West Region. There continues to be training in prevention, identification, rescue, restoration and reforms where children have been sexually exploited for commercial purposes.

There has been one Rapid Response Human Trafficking Assessment in the West Region.

Adoption

The SFCS adoption program has had a very good year agency-wide. SFCS adoption finished FY2015 on a high note with 44 children reaching permanency: 41 through adoption and 3 through permanent custodianship. This brought the total number of adoptions for FY2014-2015 to 180. Coupled with the 260 that we finalized in the Wichita region, SFCS facilitated 440 adoptions for the year. Overall, we were finalizing about one child for every child transferred to the program. We hope to improve on that ratio this upcoming year in order to reduce the number of children in out of home care.

Regarding outcomes, 17 children achieved permanency in less than 24 months from initial referral (38.6% - over 10% above the state's benchmark). 34 children reached permanency within 12 months of their legally free date (77.2% - over 30% above the state benchmark). Both of these numbers are extremely promising and evidence the efficiency of the program once children come over to adoption. The growing pains of the first year of the contract have passed. The program appears to be in a good place and ready to build on this success in the upcoming contract year.

Six teenagers found permanency this past quarter, and another 8 children over the age of 10 did as well. This number represents over a quarter of the total kids adopted, but as always, there is room for improvement in this age category. SFCS continues to value the sibling relationship, and this past quarter saw 23 children adopted with at least one of their siblings (52.2%). This includes 7 sibling groups of two and 3 sibling groups of three.

Recruitment/Retention of Foster and Adoptive Homes

Foster Care Homes Activities

The final quarter of the fiscal year includes the recognition of National Foster Care Month during the month of May. SFCS purchased advertisements through the Kansas Press Association thanking Foster Parents for being a KS Hero. Ads ran in participating newspapers in the West and Wichita regions of Kansas. Radio spots thanking foster parents were prepared using children's voices and ran throughout the month.

SFCS foster families were again gifted an annual subscription to Fostering Families. A formal event of appreciation is being planned for September 13th at the Kansas State Fair in Hutchinson, in which each SFCS foster and kinship family will be provided with admission and a meal for that day.

SFCS staff participated in the signing of the Governor's Proclamation of Foster Care Month, as well as the Foster Care Month Recognition held at the State Capitol on May 5th, hosting a booth and a barbecue lunch for attendees honoring those who serve as foster parents. A SFCS Foster Family, Gene and Joy Rothfuss from Colby, briefly spoke entertaining the audience with their Top 10 Reasons to be a Foster Parent.

Foster Care Homes staff have continued participation in a collaborative group examining and recommending additions to the Foster Parent Rights document. Participation in the CPA Forum has also continued, addressing concerns of the multiple meetings that take place in the foster home, and exploring the coordination of meeting between the foster homes worker and the child's case management team. Staff also participated in CFSR stakeholder interviews this past quarter.

A significant challenge experienced this quarter has been the transition of KDHE Foster Care regulatory personnel to DCF, which had an impact on the timely flow of licensing packets being processed and approved. SFCS has had 35-40 licensing packets awaiting temporary or full licenses. Prospective foster families excited to begin their fostering services had expressed confusion and frustration at their lengthy wait in receiving a license. The delay of licenses being issued has also created placement challenges for children entering the foster care system or current children needing a different foster home placement.

Foster Home Training & Recognition

A total of 157 participants completed trainings during this quarter. Trainings were offered throughout the state in Emporia, Great Bend, Hays, Hutchinson, Kensington, Liberal, Manhattan, Newton, Salina, Wellington, and Wichita. Families were offered a wide range of training topics,

which included; *Tour of Healing Hearts Ranch, Creative Discipline, Emergency Preparedness & Fire Safety, Short Film: Removed – Part One, Cutting & Self Harm, The Struggles & Rewards of Adoption, Traumaversaries, Summer Regulations, Trauma in Children, Swing into Summer, Teaching Kids Healthy Behaviors, Dealing with Difficult Behaviors, Family Visits: Managing the Challenges, and Compassion Fatigue and Burnout.* Trainings that were offered but canceled due to no enrollment were *Fostering Teens* in Sabetha, and *Fetal Alcohol Syndrome* in Liberal.

Families recognized as the Foster Family of the Month during this quarter were from the communities of Hoisington, Smith Center, and Emporia. These families received a framed certificate and gift card, delivered by their Foster Care Homes worker, and were featured on the SFCS Family Website during the month they were being recognized. The Director of Communications contacted each family and their Resource Worker for a more extensive interview, and offered opportunities for the families to share their experiences with community and social media outlets, including Facebook.

Foster Family of the Year: Terry and Nancy Miller

The youngest of the five Miller children graduated from high school in 2005, leaving Terry and Nancy with an empty nest at home and Nancy with an idea in her head. “Before we had children of our own, I babysat for two foster boys,” she said. “That was my first exposure to fostering, and I’ve wanted to do it ever since.”

Life, however, writes its own schedule.

The couple spent about two decades raising three sons and two daughters and growing their business, The Bern Meat Plant, a small meat processing plant in a northeast Kansas town of about 160 people. In 2009, the Millers had an opportunity to provide three weeks of respite for a local foster family. Shortly after that experience, they began the licensing process. “I was born to do this,” said Nancy. “Terry dragged his feet a little in the beginning, but he now agrees that this is valuable work and enjoys the boys. Together, we hope to provide the emotional, physical, and spiritual support that will help them become successful young men.”

The “boys” are three - two teenagers and a 10-year-old currently placed with the Millers. Although licensed to care for children ages 0-18, most of their foster children have been teens. Since earning their license in 2011, they’ve cared for four boys and two girls and provided respite care for seven other boys and girls.

“Since we own and operate a business, we both work full-time,” said Nancy. “That’s why older kids seem to be a better fit for us.” Teenagers may be a better fit, but not necessarily easier. “I have seen them transport kids more than three hours away for visits,” said their Saint Francis worker Brynne Haverkamp. “They go to doctor appointments, school activities, case plan meetings, and court. They’ve helped foster children get a driver’s license, open a bank account, and get a job. They also spend a lot of one-on-one time with their teen placements, teaching them independent living skills and anything else they need to know to be successful adults.”

Nancy says they do it because they believe every child is worth the effort. And, although, there have been times when their efforts to connect with a child failed, they remain undeterred in their advocacy for every child placed in their home. The Millers work well with biological families and serve as a respite resource for other foster families.

“It’s fulfilling to make a difference in the life of a child who’s had a bumpy start,” said Nancy. “The 10-year-old we have now was actually one of our first foster children, and he got to go back home. It didn’t work out, though, so when he came back into care, he asked that he be placed with us. We’d maintained a relationship with him during the two years he was back home, so his return to us was seamless.

“While (foster parenting) is rewarding, it’s also challenging. We have to remember that the kids are in our care for only a season, but the relationship can sometimes last a lifetime.”

Terry and Nancy Miller of Bern, KS was recognized during May, National Foster Care Month. The family’s worker delivered a special basket filled with goodies, and a personal thank you letter was sent from the Director of Foster Care Homes. The family was featured on the home page of the secure SFCS Family Website.

Recruitment of Foster Homes

Foster Care Recruitment staff continue aggressive efforts statewide to recruit foster homes to meet the needs of children in out of home care. Booths or recruitment tables were set up and family or children activities planned at Garden City Library, Garden City Cinco di Mayo Festival, Garden City Beef Empire Days, Colby Library, Kensington Community Easter Hunt, Hays High School- Go Truck Go, Hays Mall, Hutchinson Crosspoint Church, Hutchinson 3rd Thursday Chamber Event, McPherson County Coalition of Children and Families, Emporia Teddy Bear Clinic, Emporia Library Family Fun Night, Emporia Farmer’s Market Host, Emporia KISS-Keeping it Safe Summer, Emporia 5K Glow Run/Walk, Kansas City Children’s Mercy Hospital, Butler County Bike Night, Andover Police and Fire Family Festival, Wichita State University Week of the Young Child, Interfaith Ministries, Wichita Intrust Bank Arena, Wichita St Marks United Methodist Church, Wichita Cornerstone Church, Wichita Faith Leaders Resource Fair, and the Wichita River Festival.

Recruitment presentations by staff took place at Garden City High School Counselor Corner, Garden City Chamber Breakfast, Garden City Child and Family Network Club, Great Bend Optimist Club, Salina Thrivent Call to Action Dinner, El Dorado Mayor’s Prayer Breakfast, Arkansas City Ministerial Alliance, Arkansas City Chamber Coffee Host, Arkansas City National Day of Prayer, Wellington First Presbyterian Church, Winfield Chamber Coffee Host, and Wichita Orphan Care Luncheon. Staff distributed print materials, such as posters, flyers, and brochures at businesses in Colby, Russell, Hoisington, Great Bend, Marion, Hillsboro, Peabody, Walton, and at the following churches: First Christian Church in Saint Francis, Hutchinson First Nazarene Church, Abilene Episcopalian Church, Junction City Episcopalian Church, Junction City Nazarene Church, and Salina Incarnation Church.

Marketing and Communications Department assisted in coordinating radio interviews featuring National Foster Care Month. These occurred at Q-97.3 Garden City, KWBW Hutchinson, KVGB 1590 Great Bend, Rocking M Radio Salina, and KVOE Emporia. Press releases are routinely submitted to area newspapers prior to each TIPS-MAPP class starting. Online ads are running through media outlets in Salina, Garden City, Great Bend, Hutchinson, and Ottawa as well as throughout western Kansas with Nex-Tech Classified online advertisements. This quarter also repeated The Answer is a Parent campaign that includes TV commercials, bus ads, and billboard ads in the Wichita area and select areas in western Kansas.

Summary for the 4th quarter (April-June 2015)

Prospective foster family referrals: 196

Families completing TIPS-MAPP or DT: 94

New homes sponsored: 62

TIPS-MAPP classes started: Garden City, Great Bend, Hutchinson, Manhattan, Salina, Arkansas City, Wichita (4).

DT classes started: New Cambria, Salina, Haviland, Hays (2), Junction City, Kensington, Newton, Wichita (3).

Special Events/Initiatives

Judges Survey Update:

We held meetings with Judges and court personnel in Lyon, Chase and Geary counties this quarter. On 5-13-15, SFCS staff from Emporia and DCF legal met with the four Judges from Lyon and Chase counties. SFCS offered the opportunity for the Judges to follow up on the survey responses that they submitted. The Judges were favorable in their comments both in the survey and in person. The majority of their questions were directed at DCF legal regarding timeliness of adoption packets. The Judges were favorable of future meetings and commented that they had not been offered this type of forum for communication in the past.

SFCS and DCF local, regional and legal staff met with Geary County Judge Segarra, Assistant County Attorney and the GAL assigned to most CINC cases on 5-26-15. The Court parties were given the opportunity to discuss their concerns or advice for SFCS. The Judge was concerned with the staff turnover in this office and knowing the court orders from the beginning of the case. SFCS discussed what the plan was to cover caseloads. SFCS discussed having a specific protocol for transitioning cases to new social workers so that the new worker was informed of the court orders and case history. The Judge acknowledged that Geary is a tough jurisdiction with lots of termination cases. Note—our Junction City office schedules 80 hours of supervised visits each week. She also discussed appropriate dress code and gave suggestions on how to change SFCS' court log form. The court parties agreed to meet again in the fall and to have regular meetings.

Cases for Kids 5K Glow Run/Walk—Emporia

SFCS staff in Emporia wanted to raise funds to purchase new suitcases for kids. They contacted Together We Rise, an agency that helps provide suitcases for children. Together We Rise helped with planning, the flyer and a donation page. This was quite an adventure for Emporia staff that had never attempted such an event. Their enthusiasm led to a very successful 5K Glow

Run/Walk held in Emporia on June 5th. The team involved the community collecting lots of donations for the event including bottled water/pop, hot dogs and all the trimmings, raffle items, two bounce houses for kids, tracking devices, shop lights and generators. The Emporia Fire Department brought a fire truck and an ambulance for the kids. Everyone who participated received a t-shirt. The event raised \$4712!! Together We Rise will purchase 175 duffle bags for kids. They will be equipped with a stuffed animal, coloring book and crayons, small hygiene kits, a blanket and a pastel fabric paint set to customize each bag. Fabulous job for a new crew!!

Innovations/Best Practice/Success Stories

This success story was included last quarter when the story came out early but was published for National Foster Care Month in May.

Children's Bureau Success Story

The Children's Bureau requested success stories from the KIPP program to be featured on their website during National Foster Care Month in May. A story of an SFCS family was chosen and is now available for viewing on their national website at the following link

<https://www.childwelfare.gov/fostercaremonth/reallifestories/strengthening/>

We are pleased to be a part of the Children's Bureau's recognition and celebration of all those who make a meaningful difference in the lives of children in out of home care. Following is the story from the website:

Strengthening Families Through Crisis

A parent's story

When my daughter was 14, she entered into foster care. We were struggling with communication and I had difficulty providing discipline. I was upset that she was not able to be at home with me, but the time apart gave me the opportunity to work on the things I needed to work on. I also think this time helped my daughter gain some perspective as well.

The agency, social workers, and support workers were always encouraging and supportive of both me and my daughter during that time. They worked hard to allay my fears in dealing with the system and they were patient with us as we tried to make changes. I have been clean and sober for 7 years, so I also had the support of my Narcotics Anonymous (NA) group. The meetings helped me continue to get through some difficult times when my daughter was in foster care, and they have continued to help me since she returned home. There have been some very frustrating times in working through issues with my daughter, and NA has helped me identify positive ways I can handle situations without yelling or getting upset.

We also had the opportunity to work with the Kansas Intensive Permanency Project (KIPP). The therapist who worked with us was non-judgmental and helped us figure out how to work through problems that came up instead of always telling us what to do in our home. She showed me how to look at several solutions to an issue, and helped me see how each one might play out. I also learned how to have a back-up plan if my first solution didn't work out. It was also helpful to practice new

skills with the therapist before using them with my daughter. I learned to use my own coping skills when dealing with difficult situations, and I feel better able to discipline my teenager.

While I was working on making changes in my home, my daughter still struggled in different placements. The social workers on her case had the faith in me to allow my daughter to return to my care in June 2014. We continue to have our challenges but work through issues as they arise. My daughter is becoming more responsible in some areas, and this has been wonderful to watch. I am happy to say the court has recently closed her case as well!

Staff Training

This final quarter, the SFCS Training Department provided training to 673 participants. These participants were employees from DCF and SFCS. Ongoing trainings for SFCS staff were held in Garden City, Hays, Salina, and Wichita. There were 17 sessions provided and focused on areas such as: Essentials of Case Management, Achieving Permanency Through Roundtables, Human Trafficking, Trauma Informed Care, and CAFAS. In total, there were 146 participants who completed these trainings. Three trainings were offered to meet state licensing requirements for professionals. Social Worker Safety was held in Wichita and had 20 participants, Ethics was held in Salina and had 31 participants, and DSM 5 was held in Hays and had 7 participants. In an effort to provide professional development opportunities for supervisors and above, SFCS provided Leadership training. There were 3 sessions offered this quarter in Salina and Wichita, and there were 50 participants. To help with day to day practice and responsibilities, the Training Department offered car seat installation training in Wichita; First Aid and CPR in Wichita, Salina, Hutchinson, and Great Bend; Mandt in Wichita; Self-Regulation and De-Escalation in Wichita; and self-care in Garden City.

In partnership with DCF, SFCS hosted two trainings. The first one was held in Salina, and information was provided to 14 participants about CFSR Round 3. The second was a simulation training on Transition Planning, and it was held in Wichita. DCF helped with the development of this training, and it provided a hands on opportunity for reintegration and adoption staff to experience walking a youth through transition planning. In total, 40 participants from Foster Care Reintegration/Adoption attended this training.

Based on feedback from community partners, the Wichita Office held 4 sessions of Bridges Out of Poverty Overview. The training provided staff with an opportunity to learn about some of the challenges the families we serve face, and the response to the training was positive. There were 86 participants combined for the 4 sessions. The Training Department is planning to offer sessions in the West.

SFCS also offered training on Domestic Violence and Child Sexual Predators. These trainings were held in Garden City, Hutchinson, and Wichita. These two trainings had 102 participants in total.

We also held trainings/support sessions on Secondary Trauma and Self Care in Great Bend, Garden City, Liberal and Hays with Dodge City and Colby staff invited to participate. The work we do every day is difficult to say the least, and then we had accidental deaths in these areas this quarter. These sessions were held through our training department, EMPAC and our Chaplain.

Workforce Initiatives/Recruitment/Retention of Staff

The end of the semester is a very busy time for the HR Staff at Saint Francis. There is a flurry of excitement around SFCS with the thought of having prospects from graduating students. The HR Department traveled to several in state and one out of state universities and colleges to provide information about SFCS. Here is a listing of all the events our HR Staff participated in:

- The Marriage and Family Therapy Career Fair at Friend's University
- Newman University Career Fair
- Wichita State University Career Fair and Power Conference
- Wichita State University School of Social Work Colloquium
- Washburn University Career Fair
- Kansas University Career Fair
- Presented information to the Marriage and Family Therapy graduating class at Newman University
- Presented information to the Social Work Honor Society at Kansas State University
- Presented information to the University of Nebraska-Kearney Social Work Class

SFCS continues to value practicum students and has a strong commitment to making their educational experience positive. Several practicum students graduated in May, and many of them have filled open positions across the agency. In June, the HR Staff began recruiting practicum students in order to plan for the Fall Semester.

SFCS continues to advertise open positions in the following places: local newspapers, SFCS website, College Career offices, CareerBuilder, Monster.com, IhireSocialServices.com, Indeed.com, LinkedIn, SFCS Facebook page, Twitter, NASW, Westernksjobs.com, Dodgecityhasajobs.com, Kansasworks.com, and The New Social Worker Magazine.

Unfortunately, even with all of our recruitment efforts, SFCS continues to struggle to fill licensed positions, especially in the Western half of the state. We are currently offering relocation and sign on bonuses in an effort to attract applicants to the West, and SFCS continues to provide bonuses through the Employee Referral Program.

As mentioned above we had accidental deaths in the southwest this quarter, two of those were infant deaths in the Garden City office in the same week. In an effort to retain staff and help them deal with their own emotional mental health we brought in EMPAC and our Chaplain to process with staff. We followed up with a 2 hour office getaway to the zoo a month later to allow staff to do team building activities and discuss how to move forward together.

Caseloads (ratio of case load carrying staff to child cases)

Maintaining licensed Social Workers continues to be a challenge in the resource limited rural areas of West Region. We had 16 open Social Work positions across the region at the end of the fiscal year. The openings are located in Hays, Great Bend, Garden City, Liberal, Dodge City, Hutchinson, Newton, Salina and Junction City. Most of the openings are in the same offices as last quarter, but some are new positions due to the increased number of OOH cases.

We have seen the average number of referrals per month steadily increase each quarter in FY15, going from 84 in the first two quarters to 93 in the third and to 122 referrals per month this quarter. It is challenging to keep up with the fluctuation in caseloads but as noted earlier we continually advertise and recruit for additional licensed staff as well as provide additional supports in each office to assure children and families are being served.

One way to reduce or maintain caseloads is to meet timely reunification outcomes. West Region ended FY2015 with 75.2% Timely Reunification in 12 Months, exceeding our outcome goal of 69.9%. We have seen improvement in one of the offices that struggles with timely permanency but continue to work on Performance Improvement plans in the other two offices.

The four practicum students in Hays benefitted from their early start in November and have done an excellent job of assisting in the coverage of the caseloads in Hays. One of these practicum students became licensed this quarter, so we are hoping the remaining 3 will succeed as well.

We continue to count on our experienced, committed Supervisors who cover caseloads as needed. Due to the high volume of referrals and the lack of Social Workers we have Intake Workers in most of our offices to manage the extensive workload associated with that first day of referral. We continue to utilize additional Family Support Workers to assist the licensed workers with their case management responsibilities in these offices. Some offices have fulltime FSWs who just supervise visits due to the number of infants in care (who benefit from daily visitation) and the expectations of some courts—80 hours of supervised visits per week in Junction City. We continue to look at retooling some positions and hiring additional office support staff to assist with completing paperwork that doesn't have to be done by direct care staff. We were able to add one Social Worker to the traveling team this quarter. She is assigned to Great Bend.

Barriers/Challenge

One of SFCS's greatest challenges continues to be the lack of appropriate placements for our children and the growing number of youth in the foster care system. As of June 30th, SFCS is caring for over 3,195 children in our service area for the State's 75 counties. Although the volume of children in care has plateaued over the past 3 months, SFCS is serving 185 more children at the end of FY2015 compared to the end of FY2014; while at the same time continuing to exceed the outcome for timely reunification in 12 months at 75.2%. The volume of children continues to stress our ability to secure the best placements to provide care and stability. SFCS averaged 122 referrals per month in the West in the 4th quarter. We averaged 60 referrals each month in the 4th quarter in Wichita.

Placement options for teens and youth with the dual IDD and Mental Health diagnosis remain limited. Children experiencing serious behavioral concerns, needing higher, more secure levels of placement services are also limited. We have also observed an increase in the number of pre adolescents exhibiting serious mental health and behavioral health concerns. We are in need of creating more secure environments to meet this need. In order to address this challenge SFCS provider relations outreach is vast. We constantly talk with partners about expanding service provision and capacity to meet the needs of children in care. SFCS remains committed to

servicing youth in a family like setting. Even though we experience a high number of youth in out of home care, SFCS trends at only 5.3% of youth residing in residential placements.

SFCS continues to complete diligent relative searches for all children coming into OOH care as well as throughout the life of each case. This is best practice for kids and stretches our OOH placement resources at the same time. West Region ended FY2015 with 34.2% relative placements, exceeding the contract outcome measure of 29%. However we have 4 offices that do not meet our internal SFCS goal of 32% and we have PI plans for those offices. Our kinship staff have an engaging training that promotes the benefits of relative care and we plan to make the rounds to the offices again.

SFCS has created a workgroup called the Two Option Solution team. The participants serving on this team are from reintegration, adoption, foster care, placement services, customer service and recruitment. This brain trust is charged with creating at least two options for every child needing placed. They review both short term advantages and long term sustainability for creating this environment.

SFCS convened a spring subcontractors meeting in Wichita. Approximately 18 Child Placing Agencies were represented by over 45 attendees. Also in attendance were liaisons from DCF. An expectation for transitioning to Trauma Informed Practices by all subcontracting partners was discussed. Training on trauma informed practices was presented by Pamela Cornwell, LSCSW from SFCS. The feedback from participants was positive.

Another ongoing challenge across the state is access to limited resources, especially in the rural frontier areas of the far west part of the region. Another constant is the level of drug addiction, especially methamphetamine, and accompanying domestic violence and abuse/neglect connected to the majority of children and families referred for OOH placement. Drug treatment services are lacking in most communities as well as the necessary follow up services such as parent education, mentoring and services to maintain sobriety. Helping these parents develop a support network, learn critical thinking skills, develop the ability to assess their children's risk and safety, while at the same time maintaining housing, employment and sobriety, is a long and tedious process that requires many community supports.

Regarding our relationship with CASA in the Junction City area we continue to staff cases with the CASA volunteers. The CASA Director, Tiffany Clark, resigned in June. As she was resigning she wrote a very positive letter to our Area Director, complimenting both the Director and staff in Geary County for their commitment to the children and how hard they work every day. Tiffany will be missed. We had some very enthusiastic conversations about child welfare. Our Director will be meeting with the interim director once they are appointed.

Mental Health

SFCS continues to collaborate with the Community Mental Health Centers, Managed Care Organizations, Kansas Department for Children and Families and the Kansas Department for Aging and Disability Service to ensure that the children and youth who are in the custody of the State of Kansas have their mental health needs met. The focus of the collaborations has been to

access trauma informed, least restrictive mental health services for the children and youth we serve.

SFCS participated in the KDADS Multidisciplinary Stakeholder's Psychotropic medication work team. The team's focus is on the high usage of medication in the foster care population. Data mining and data sharing has been the focus to establish protocols to work together to ensure that children and youth receive the quality care necessary for their well-being.

SFCS continues to participate in Child Welfare/MCO Coordination Meetings. Health Homes has been a major initiative of the MCO's. Systems have been set up within SFCS to receive information from the MCO, pass the information on to the case manager, and a process for opting out of the service has been established. Unfortunately information from the MCO is inconsistent and we are often opting children and youth at a time when current services are being denied as they have been opted in to a Health Home without anyone's knowledge. There continues to be disruption of services and confusion regarding the Health Home initiative.

SFCS has experienced challenges with accessing higher levels of care in behavioral health for the children and youth who demonstrate an inability to keep themselves or others safe. Children are more likely to be diverted in either an acute screen or a PRTF screen. Increasingly we are seeing a lack of beds in either an acute or PRTF setting if the child/youth does screen for the service. This leaves the child/youth and their care takers in difficult positions to try and implement a safety plan to keep everyone safe. It is extremely unfortunate to be in a position to not have access to the services needed for the children and youth we serve.

SFCS has also experienced longer waiting time to engage services in the communities for behavioral health needs. For both our IDD population and for our SED population access to services has taken longer to activate, leaving children, youth and families to struggle keeping all parties safe.

St. Francis Community Services Reintegration Foster Care and Adoption Quarterly Management Report

Identifying information

SFCS—RFCA—Wichita Region
3rd Quarter FY15 (April, May, & June 2015)
Submitted by: Michelle Albertin
Date of Report: 7-31-15

Stakeholder/Advisory Board Meetings

Saint Francis Community Services is committed to fully integrating a community engagement component into our organization. Our effort to engage consumers, stakeholders, community leaders, and organizational partners committed to ongoing improvement and not only addresses but extends beyond a contract compliance issue. Community Engagement supports our success in carrying out best practices for children and families. This vision reflects the obligation to support our target population, based on the belief that support for vulnerable children and families goes beyond DCF and SFCS, and extends to the community level.

The Community Voices Project: Over the past year, we have taken the feedback received from previous Advisory Panel members to redesign our community engagement efforts. We have worked with the CPI team at DCF and discussed the ways we can use the feedback from our efforts on an ongoing basis. Over the last quarter, Saint Francis Community Voices has finalized the structure, process, and timelines for our Community Voices Project. In addition, we have briefed Dianne Carver and Candice Moten with DCF about the scope of our initiative and what we believe to be a replicable model in gathering qualitative information. Our intention is to provide more opportunities for DCF staff to review our approach.

The project consists of two primary components: The **Advisory Council**, is a standing committee that will meet 3 - 4 times per year; and periodic, evolving **Community Conversations**, that will take place 4 – 5 times per year in various communities around current, local issues that matter to children and families.

The **Advisory Council** is charged with providing insight and oversight in convening, facilitating, and integrating information gained from Community Conversations. The Advisory Council will help determine locations, connections, needs, and opportunities for local Community Conversations. SFCS will synthesize the qualitative data, stories, and themes learned through regular Community Conversations back to the Advisory Council. The Advisory Council will then assist Saint Francis in determining how best to apply the information we have been able to

gather and determining questions for future Community Conversations. In this way, we hope to create a sustainable process, locally-focused, with centralized oversight, to ensure meaningful community engagement with our partners and clients.

Community Conversations will be facilitated to gather feedback and insight around our Family Preservation Services, as well as our Foster Care and Adoption Services. In addition, we will also host Community Conversations around specific issues in children and family services, such as the need for parent supports, interventions for substance abuse, children returning to foster care, and unique community-level challenges.

The Community Voices Project will establish an essential source of feedback for Saint Francis Community Services programs, provide qualitative data for the Department for Children and Families and other initiatives for improving supports to children and families, and assist SFCS in identifying opportunities to advance the mission of Saint Francis Community Services.

2015 – 2016 Initial Timeline: Although our intent was to roll-out the Community Voices project during the most recent quarter, as challenges emerged (such as coordinating dates, clarifying roles, and communicating about the project internally and externally), we rescheduled those dates to ensure the successful implementation of the project. The following timeline has been established for 2015 – 2016, and will continue to change and evolve in an adaptive manner as the Advisory Council and Community Conversations begin to take place. We are however committed to the frequency of meetings that we have set out previously.

<i>Advisory Council</i>	<i>Wednesday August 26</i>	<i>Salina</i>
<i>Community Conversations*</i>	<i>Wednesday Sept 16</i>	<i>Wichita</i>
<i>Community Conversations*</i>	<i>Wednesday Nov 11</i>	<i>Manhattan</i>
<i>Community Conversations*</i>	<i>Wednesday Jan 20</i>	<i>Emporia</i>
<i>Advisory Council</i>	<i>Wednesday Feb 10</i>	<i>Salina</i>
<i>Community Conversations*</i>	<i>Wednesday Mar 9</i>	<i>Southwest Kansas</i>
<i>Advisory Council</i>	<i>Wednesday May 4</i>	<i>Salina</i>

**Two Community Conversations will be held on each of these dates*

Letters have been sent to Advisory Council members to invite them to initial August 26 meeting in Salina. Another letter will be sent out the week of August 3 confirming attendance and providing an overview of the agenda and the target meeting dates above.

SFCS Community Engagement Capacity: The Advocacy and Community Engagement Team at SFCS is co-chaired by Melissa Ness (Senior Advisor), Rachel Marsh (Director of Legal and Community Engagement Services) and Angela Smith (Director of Mission Engagement). Part of the role of this team is to provide guidance, feedback, and support to the implementation and facilitation of the Advisory Council meetings and Community Conversations. Team members

are building a community engagement mindset and will be participating strategically in the Community Voices Project to build capacity for hosting effective facilitated conversations.

On July 31, SFCS leadership – Directors and Managers across programs - will have the opportunity to learn more about the Community Voices project. At that time, we will begin specific discussion to gather information about local consumers, stakeholders, community leaders, and organizational partners to invite to local Community Conversations in the identified sites as well as other possible sites. In addition, we will identify employees and staff with a community engagement mindset to continually grow our Community Voices capacity.

Fatherhood Initiatives

SFCS held a “24/7 Dad” fatherhood course in Salina this quarter. The program is provided through the National Fatherhood Initiative. “24/7 Dad” is a nationally recognized program designed for any dad who wants to improve his knowledge and skills to help him raise healthy children. Classes focus on the characteristics men need to be good fathers 24 hours a day, 7 days a week. The focus of the course is to:

- *Increase pro-fathering knowledge, skills, and attitudes*
- *Increase father’s frequency of and healthy interaction with children*
- *Increase in healthy interaction with the mother of the children*
- *Decrease in habits of poor fathering/father absence*
- *Decrease in anti-fathering knowledge, skills, and attitudes*
- *Decrease in the social, emotional, and physical ills of children*

There were 12 class sessions, each of which was 1½ hours long. The topics covered during the course were:

- Family History – What it Means to be a Man, My role & Roles of Dad and Mom
- What It Means to Be a Man – Today’s Man, Body Image
- Showing and Handling Feelings – Holding Feelings Inside, Grief and Loss
- Men’s Health – Stress and Anger, Physical Health
- Communication – Ways to Communicate, Talking with Children
- The Father’s Role – The Ideal Father, What Kind of Father and Partner Am I?
- Discipline – Morals and Values, Rewards and Punishment

Nine fathers from Salina, Hays, Great Bend and El Dorado participated and completed the course. SFCS provided a meal and incentives for each class. All the fathers participated well, gaining a great deal of knowledge and skills to utilize in building and maintaining their relationships with their children and families.

KIPP – Kansas Intensive Permanency Project

The KIPP project is currently in the final year of a five year grant. While SFCS continues to be involved in the KIPP Steering Committee, KIPP Sustainability Committee and KIPP Implementation Team collaborating with Kansas University, DCF and KVC, the emphasis is on looking at long term sustainability for Parent Management Training Oregon (PMTO), the

evidence based model. The Steering Committee meets monthly to continue to support the overall administration, data collection and sustainability of the project throughout the state. Each of the committees meets with the federal partners for evaluation, training and technical assistance to ensure the appropriate outcomes of the project are met.

This quarter the Sustainability Committee continued met regularly with Kansas Department for Children and Families, Kansas Department for Aging and Disability Services and Kansas Department for Health and Environment to look at possible funding options. As with many of the evidence based models the infrastructure that is built to assure appropriate training, coaching and fidelity to the model drives the cost of services up. Conversations continue as we reach out to other states for solutions to funding EBP's and with foundations for support of the infrastructure to assure fidelity. A white paper outlining the outcomes of this evidence based model; reduction in long term foster care, reduced usage of psychiatric residential treatment facilities for the youth along with the cost savings associated with the outcomes was been developed and submitted to KDADS. The paper outlined the outcomes seen when there is the ability to provide therapeutic parent management training to parents without the child present. The request is to work with the federal partner (CMS) to reimburse for parent only sessions utilizing the child's Medicaid Insurance. This next quarter we will meet with the MCO's that are currently looking at alternatives to hospitalizations for children and youth. The Steering Committee continues to be committed to long term sustainability. KU has applied for a no-cost extension, and if granted we will have a year to look at sustainability while protecting the infrastructure that has been developed

During this quarter a Generation 3 cohort began a new training cycle that included not only reintegration therapists but family preservation therapists, a PRTF therapist, and a therapist from Lyon County who works directly with Home Court in Emporia. Sustainability will be dependent on a farther reach then just reintegration, foster care and adoption.

In the Wichita Region we currently have 1.5 FTE Supervisors, 2 Data Liaisons and 5 Clinicians. Although the clinicians are in the Wichita office they serve all the counties in the region.

One supervisor is certified as PMTO therapist, trainer, coach and fidelity rater, and one supervisor has be invited to certify and is in the process of selecting work to be evaluated for certification and is also in training as a coach. One of the therapists is certified as PMTO therapists and training as coach, another therapist has reached certification as a therapist and other three therapist have all be invited to certify. KVC and SFCS continue to collaborate in the providing training and coaching to the certified clinicians and the clinicians working towards certification.

In the this quarter we have served 36 families with a total of 366 sessions of parent or parent/child therapy while logging more than 219 hours of driving time to serve the families.

KAPP- Kansas Adoption Permanency Project

Kansas Adoption Permanency Project (KAPP), a cooperative agreement with Administration for Children, Youth and Families and University of Kansas School of Social Welfare in Partnership with the Department for Children and Family services, KVC Behavioral Healthcare, Inc. and Saint Francis Community Services, Inc., is a five year project that was funded beginning October 2013. SFCS meets several times a month in a steering committee that is comprised of all the partners and Kansas Department for Aging and Disability Services.

KAPP is an innovative, evidence-driven enterprise whose purpose is to establish a child welfare and mental/behavioral health system that : 1) uses evidence-informed and evidenced based interventions matched to the needs of children and families; and 2) promotes strong social-emotional well-being and permanency outcomes, especially adoption outcomes. KAPP is in Phase I of the grant gathering data and defining a universal screening and assessment process for implementation in Phase II. Our Phase II Plan has been approved by the Children's Bureau this quarter.

The Steering Committee has selected screening and assessment tools that will be utilized by both contract providers. SFCS will continue to utilize the Child and Family Profile as the assessment document but adding the CROPS (Child Report of Post-Traumatic Symptoms), CSDC-KS (Child Stress Disorder Checklist-Kansas), ASQ-SE 3 (Ages and Stages Questionnaire- Social Emotional), and the PSI (Parent Stress Index) to the NCFAS, CAFAS and PECFAS. All the tools are evidence based with psychometric properties. The use of the assessments by the case managers will allow them to better serve the families with case planning that addresses the needs both individually and as a family unit. Training will be provided in the administration and analyses of the tools to provide protocols for data driven case planning.

SFCS is working with New York University to deliver training and consultation on Trauma Systems Therapy. This will be a staged implementation beginning in summer of 2015 and ending summer of 2018. Over the course of the first 2 years we will be building an infrastructure to include Master Trainers and Consultants to continue to provide training and consultation to frontline staff to create a culture of trauma informed care and treatment for the children and families we serve. The first office to begin training in late summer/early fall will be our El Dorado Office.

KSSAF- Kansas Serves Substance Affected Families

KSSAF is a five year Regional Partnership Grant funded by US Department of Health and Human Services Administration on Children and Families. University of Kansas is partnering with Kansas Department for Children and Families, Department for Aging and Disability Service, KVC Behavioral Healthcare, Inc. and Saint Francis Community Services, Inc. to improve the well-being, ensure safety, and increase permanency for a subgroup of young children and their families affected by substance abuse. This Regional Partnership will increase

the State's capacity to provide Strengthening Families Program to children ages 0-3 and their families who are in foster care with a case plan goal of reunification.

A Steering Committee comprised of all the partners meets monthly to coordinate and plan the implementation of this project. Training of facilitators is scheduled for the next quarter, with the first classes being offered in September of 2015. SFCS will pilot this in Wichita.

Permanency Roundtables

In the 1st and 3rd Quarters, the Wichita Region scheduled and held Permanency Roundtables. The target group of children for these roundtables included those who were returned home and re-entered foster care. In total, the Wichita Region roundtabled 12 youth. Of the 12 youth roundtabled, 1 has found permanency through reintegration, 1 has found permanency by turning 18 and transitioning to adulthood, and 8 youth are still working to achieve permanency through reintegration, and 1 youth has found a life long connection. The final youth will not be returning home; however, SFCS is working to identify a life long connection for them.

Life Skills/Independent Living/Transition Planning

This quarter, SFCS continued to hold monthly RYAC meetings in both Regions. West had 12 attend in April, 20 in May, and 21 in June. Wichita had 37 attend in April, 13 in May, and 16 in June. The April topic was Vision Boards. For West Region in May, the topic was Planned Parenting with Barton County Health Department presenting a slide show on Sexually Transmitted Diseases and Infections. For May, the Wichita Region had a local nurse attend to discuss healthy relationships and STD's. Youth also had discussions for future RYAC meetings. Topics suggested included music, coping skills, cooking without a stove and cultural awareness. Youth also played the board game of "Life". Staff added additional cards using topics that would fit the youths' situations today based on the IL Services available to them. Youth also reviewed the draft forms of the new Transition Plan for Successful Adulthood.

At the June RYAC meetings, both regions discussed how using the Monthly Contact Form was another way youth could communicate with case team members. Each youth was given several copies of the form. Special guests, SFCS CEO Fr. Bobby Smith and Vice President Cory Rathbun, attended the June RYAC meeting in Great Bend. Fr. Bobby facilitated an open discussion with the youth that everyone enjoyed.

SFCS staff piloted the draft Transition Plan for Successful Adulthood this quarter and provided feedback to DCF IL program staff. Everyone loved it! Staff and youth report the form is much more youth and user friendly. SFCS staff appreciates the helpful reminders that the new format provides both for youth and staff. Our Quality Assurance Manager worked with technical support staff to upload the new Transition Plan form on iConnect, our internal intranet website. We also made plans for training, rolling out the new form, and expectations with staff on July 1st.

SFCS held a Skills and Drills Computer Course on May 16th. Twelve SFCS graduating seniors attended and received a free laptop, software, printer and other computer accessories after completing the class. SFCS was also able to get an iPad for a youth with special needs from western Kansas. Additional classes will be offered in the fall.

The “Drive On! Project” continues to enroll youth for summer driving programs throughout the state. To date, 13 youth have completed a Driver’s Education course and 14 youth are approved and waiting for an open class.

Human Trafficking

Beginning January 1, 2014 any child a law enforcement officer reasonably believes to be a victim of human trafficking shall be taken into police protective custody. Law Enforcement shall contact SFCS to provide a Rapid Response Human Trafficking assessment at any location the office has taken the child.

During this quarter a Rapid Response Team members have continued to team up with the Attorney General’s office and has participated in trainings for local law enforcement and Juvenile Intake and Assessment staff throughout the West Region. The training included protocols for an on-call process that SFCS has put in place. Law Enforcement will contact our 888-SFA-HOPE (1-888-732-4673) and a Rapid Responder will be able to respond within four hours to the location of the youth.

In addition, SFCS staff participated in the DCF hosted community forums in the West Region. There continues to be training in prevention, identification, rescue, restoration and reforms where children have been sexually exploited for commercial purposes.

There has been eight Rapid Response Human Trafficking Assessments in the Wichita Region this quarter.

Adoption

The 4th quarter of SFCS’s second year in the Wichita region saw 67 legally available children reaching permanency: 63 through adoption and 4 through permanent custodianships. This brought the total permanencies for the fiscal year to 260 children in the Wichita region. This quarter marked the end of a challenging, yet rewarding year for the SFCS adoption program as we are finally seeing our program reach its maximum potential. Numbers for this fiscal year are inflated as some of the children finalizing are carryovers from our transition year in 2013-2014. But, this quarter is more indicative of the performance that we can expect to see for the remainder of the contract.

Of the 67 permanencies, 21 children achieved it in less than 24 months from initial referral (31.3% - above the state benchmark). 30 children achieved permanency within 12 months of becoming legally free for adoption (44.7% - slightly less than the state benchmark). Regardless

of performance related to state outcomes, the program's performance for this past quarter stacks up well against other regions and state averages for permanency.

8 teenagers found permanency this past quarter, and an additional 5 children 10 or over. Once again, our efforts need to improve in helping our older children find adoptive homes, but 13 children over the age of 10 does prove that any child can find permanency, regardless of age. SFCS continues to value the sibling relationship, and this quarter we saw 44 children reach permanency with at least one sibling (65.6%). This is a relationship that we fight for, and spend numerous hours staffing cases so that we can preserve it, both on the reintegration and adoption side. More and more children are transferring to the adoption program already placed with their siblings, and it makes our job much, much easier. 8 sibling groups of two, 3 sibling groups of three, 2 sibling groups of four, 1 sibling group of five, and 1 sibling group of six were able to stay together through the efforts of both programs.

Recruitment/Retention of Foster and Adoptive Homes

Foster Care Homes Activities

The final quarter of the fiscal year includes the recognition of National Foster Care Month during the month of May. SFCS purchased advertisements through the Kansas Press Association thanking Foster Parents for being a KS Hero. Ads ran in participating newspapers in the West and Wichita regions of Kansas. Radio spots thanking foster parents were prepared using children's voices and ran throughout the month.

SFCS foster families were again gifted an annual subscription to Fostering Families. A formal event of appreciation is being planned for September 13th at the Kansas State Fair in Hutchinson, in which each SFCS foster and kinship family will be provided with admission and a meal for that day.

SFCS staff participated in the signing of the Governor's Proclamation of Foster Care Month, as well as the Foster Care Month Recognition held at the State Capitol on May 5th, hosting a booth and a barbecue lunch for attendees honoring those who serve as foster parents. A SFCS Foster Family, Gene and Joy Rothfuss from Colby, briefly spoke entertaining the audience with their Top 10 Reasons to be a Foster Parent.

Foster Care Home's staff has continued participation in a collaborative group examining and recommending additions to the Foster Parent Rights document. Participation in the CPA Forum has also continued, addressing concerns of the multiple meetings that take place in the foster home, and exploring the coordination of meeting between the foster homes worker and the child's case management team. Staff

also participated in CFSSR stakeholder interviews this past quarter.

A significant challenge experienced this quarter has been the transition of KDHE Foster Care regulatory personnel to DCF, which had an impact on the timely flow of licensing packets being processed and approved. SFCS has had 35-40 licensing packets awaiting temporary or full licenses. Prospective foster families excited to begin their fostering services had expressed confusion and frustration at their lengthy wait in receiving a license. The delay of licenses being issued has also created placement challenges for children entering the foster care system or current children needing a different foster home placement.

Foster Home Training & Recognition

A total of 157 participants completed trainings during this quarter. Trainings were offered throughout the state in Emporia, Great Bend, Hays, Hutchinson, Kensington, Liberal, Manhattan, Newton, Salina, Wellington, and Wichita. Families were offered a wide range of training topics, which included; *Tour of Healing Hearts Ranch, Creative Discipline, Emergency Preparedness & Fire Safety, Short Film: Removed – Part One, Cutting & Self Harm, The Struggles & Rewards of Adoption, Traumaversaries, Summer Regulations, Trauma in Children, Swing into Summer, Teaching Kids Healthy Behaviors, Dealing with Difficult Behaviors, Family Visits: Managing the Challenges, and Compassion Fatigue and Burnout*. Trainings that were offered but canceled due to no enrollment were *Fostering Teens* in Sabetha, and *Fetal Alcohol Syndrome* in Liberal.

Families recognized as the Foster Family of the Month during this quarter were from the communities of Hoisington, Smith Center, and Emporia. These families received a framed certificate and gift card, delivered by their Foster Care Homes worker, and were featured on the SFCS Family Website during the month they were being recognized. The Director of Communications contacted each family and their Resource Worker for a more extensive interview, and offered opportunities for the families to share their experiences with community and social media outlets, including Facebook.

Foster Family of the Year: Terry and Nancy Miller

The youngest of the five Miller children graduated from high school in 2005, leaving Terry and Nancy with an empty nest at home and Nancy with an idea in her head. “Before we had children of our own, I babysat for two foster boys,” she said. “That was my first exposure to fostering, and I’ve wanted to do it ever since.”

Life, however, writes its own schedule.

The couple spent about two decades raising three sons and two daughters and growing their business, The Bern Meat Plant, a small meat processing plant in a northeast Kansas town of about 160 people. In 2009, the Millers had an opportunity to provide three weeks of respite for a local foster family. Shortly after that experience, they began the licensing process. “I was born to do this,” said Nancy. “Terry dragged his feet a little in the beginning, but he

now agrees that this is valuable work and enjoys the boys. Together, we hope to provide the emotional, physical, and spiritual support that will help them become successful young men.”

The “boys” are three - two teenagers and a 10-year-old currently placed with the Millers. Although licensed to care for children ages 0-18, most of their foster children have been teens. Since earning their license in 2011, they’ve cared for four boys and two girls and provided respite care for seven other boys and girls.

“Since we own and operate a business, we both work full-time,” said Nancy. “That’s why older kids seem to be a better fit for us.” Teenagers may be a better fit, but not necessarily easier. “I have seen them transport kids more than three hours away for visits,” said their Saint Francis worker Brynne Haverkamp. “They go to doctor appointments, school activities, case plan meetings, and court. They’ve helped foster children get a driver’s license, open a bank account, and get a job. They also spend a lot of one-on-one time with their teen placements, teaching them independent living skills and anything else they need to know to be successful adults.”

Nancy says they do it because they believe every child is worth the effort. And, although, there have been times when their efforts to connect with a child failed, they remain undeterred in their advocacy for every child placed in their home. The Millers work well with biological families and serve as a respite resource for other foster families.

“It’s fulfilling to make a difference in the life of a child who’s had a bumpy start,” said Nancy. “The 10-year-old we have now was actually one of our first foster children, and he got to go back home. It didn’t work out, though, so when he came back into care, he asked that he be placed with us. We’d maintained a relationship with him during the two years he was back home, so his return to us was seamless.

“While (foster parenting) is rewarding, it’s also challenging. We have to remember that the kids are in our care for only a season, but the relationship can sometimes last a lifetime.”

Terry and Nancy Miller of Bern, KS were recognized during May, National Foster Care Month. The family’s worker delivered a special basket filled with goodies, and a personal thank you letter was sent from the Director of Foster Care Homes. The family was featured on the home page of the secure SFCS Family Website.

Recruitment of Foster Homes

Foster Care Recruitment staff continues aggressive efforts statewide to recruit foster homes to meet the needs of children in out of home care. Booths or recruitment tables were set up and family or children activities planned at Garden City Library, Garden City Cinco di Mayo Festival, Garden City Beef Empire Days, Colby Library, Kensington Community Easter Hunt, Hays High School- Go Truck Go, Hays Mall, Hutchinson Crosspoint Church, Hutchinson 3rd Thursday Chamber Event, McPherson County Coalition of Children and Families, Emporia Teddy Bear Clinic, Emporia Library Family Fun Night, Emporia Farmer’s Market Host, Emporia KISS-Keeping it Safe Summer, Emporia 5K Glow Run/Walk, Kansas City Children’s Mercy Hospital, Butler County Bike Night, Andover Police and Fire Family Festival, Wichita State

University Week of the Young Child, Interfaith Ministries, Wichita Intrust Bank Arena, Wichita St Marks United Methodist Church, Wichita Cornerstone Church, Wichita Faith Leaders Resource Fair, and the Wichita River Festival.

Recruitment presentations by staff took place at Garden City High School Counselor Corner, Garden City Chamber Breakfast, Garden City Child and Family Network Club, Great Bend Optimist Club, Salina Thrivent Call to Action Dinner, El Dorado Mayor's Prayer Breakfast, Arkansas City Ministerial Alliance, Arkansas City Chamber Coffee Host, Arkansas City National Day of Prayer, Wellington First Presbyterian Church, Winfield Chamber Coffee Host, and Wichita Orphan Care Luncheon. Staff distributed print materials, such as posters, flyers, and brochures at businesses in Colby, Russell, Hoisington, Great Bend, Marion, Hillsboro, Peabody, Walton, and at the following churches: First Christian Church in Saint Francis, Hutchinson First Nazarene Church, Abilene Episcopalian Church, Junction City Episcopalian Church, Junction City Nazarene Church, and Salina Incarnation Church.

Marketing and Communications Department assisted in coordinating radio interviews featuring National Foster Care Month. These occurred at Q-97.3 Garden City, KWBW Hutchinson, KVGB 1590 Great Bend, Rocking M Radio Salina, and KVOE Emporia. Press releases are routinely submitted to area newspapers prior to each TIPS-MAPP class starting. Online ads are running through media outlets in Salina, Garden City, Great Bend, Hutchinson, and Ottawa as well as throughout western Kansas with Nex-Tech Classified online advertisements. This quarter also repeated The Answer is a Parent campaign that includes TV commercials, bus ads, and billboard ads in the Wichita area and select areas in western Kansas.

Summary for the 4th quarter (April-June 2015)

Prospective foster family referrals: 196

Families completing TIPS-MAPP or DT: 94

New homes sponsored: 62

TIPS-MAPP classes started: Garden City, Great Bend, Hutchinson, Manhattan, Salina, Arkansas City, and Wichita (4).

DT classes started: New Cambria, Salina, Haviland, Hays (2), Junction City, Kensington, Newton, and Wichita (3).

Special Events/Initiatives

With things beginning to settle in the Wichita Region after such a large transition in July 2013, SFCS Wichita Region Leaders started this quarter by assessing overall performance of the Reintegration Program. The focus for this quarter involved an in depth assessment of our work in the court system. Directors for the Wichita Region along with SFCS legal met with several key players to obtain feedback of what was working and what SFCS could look at improving. A majority of the focus in these discussions centered on the different reports submitted to the Court. As it stands, SFCS completes and submits the following reports: 1. Court Report; 2. Visitation Report; 3. Due Diligence Report; 4. Reintegration Plan; 5. Achievement Plan. The first feedback sessions were conducted by SFCS Legal on 4/15/16 and 4/16/15. The participants came from Reintegration Family Support Workers, Social Workers, and Supervisors. The second group of participants included attorneys from the Sedgwick County DA's Office, and it

was held on 4/28/15. On 5/4/15, SFCS met with representatives from Sedgwick County Court Services and CASA. The final meeting was held on 6/18/15, and the group consisted of attorney's representing the parents and GAL's.

The feedback collected from each of the sessions was informative, and it will help in developing next steps. In reviewing the information, there are some reoccurring themes coming out of each of the groups. Those include consistency, providing education for workers, formatting of reports, and communication. In the months to come, SFCS will be continuing the journey of making overall improvements. However, with so many different perspectives, it is going to be challenging for SFCS Leaders to come up with solutions to meet everyone's needs. Overall the process was helpful, and our community partners appeared to appreciate the ability to be a part of the solution. As plans are developed, SFCS will be sharing out information to the different entities about the progress being made by Leaders.

Innovations/Best Practice/Success Stories

The Sedgwick County Military Mentorship Program is now in full swing with interviewing potential mentors, giving presentations, providing training, and matching youth with a mentor. The staff leading this initiative continues to be dedicated and passionate about the program, and they believe assigning a mentor can help a child find success. This quarter, the committee met monthly to develop a power point and hand outs for presentations, refine the training material for mentors, and to prepare for going out into the community to recruit mentors. On 4/11/15, Judge Syrios from Sedgwick County Juvenile Court accompanied a group of staff members to present information on the program at the Army National Guard Armory. The group enjoyed the experience, and they were able to talk with potential mentors and answer questions about the process. The Military Mentorship Committee was also able to tap into several media outlets to spread the word about being a mentor. McConnell Air force Base displays the information on their advertisement/resource screens across the base, and they are able to share information on their Facebook Page and in newsletters. They also have the ability to send emails to all service men and women in the Air National Guard and those in Active Duty. SFCS staff conducted interviews for potential mentors on 5/26/15 and 6/5/15. The first of many trainings occurred on 6/27/15, and they are scheduled monthly from here on out. The passion and dedication by SFCS employees is driving this program to be a success.

Summary for the 4th quarter (April-June 2015)

Active Mentors: 4

Matches Thus Far: 3 (2 teen boys, 1 teen girl)

Potential Mentors Starting the Process: 6

Sedgwick County Capstone Project

SFCS continues to be involved in efforts to implement a Capstone Project in Sedgwick County to better serve youth who cross over between the child welfare and juvenile justice system. This

quarter, representatives from SFCS, DCF, KDOC, and COMCARE met to finalize plans for the Capstone project. A protocol has been created detailing how a youth will be identified, how the cross systems staffing process will be initiated, who will participate in the staffing, and how it will be conducted.

Shortly after a youth is arrested and brought to JIAC (Juvenile Intake and Assessment Center), a phone conference will take place between JIAC staff and SFCS staff. The purpose of the call is to exchange information gleaned from assessments and to discuss detention and release options. After the initial assessment, a larger staffing will be scheduled by JIAC staff. Along with community providers, the child, the child's placement, and the child's biological family, if appropriate, will be invited to attend the staffing. In order to help with confidentiality and to allow everyone to communicate freely, the Judge will designate the staffing participants as a "multi-disciplinary team." All assessments and documents related to the child will be available to the staffing team via an electronic "dashboard." The purpose of the larger meeting is to create a plan for services and recommendations. The plan will address the youth's needs, services, and supports from community providers, the child welfare system, and KDOC. The outcome of the meeting will be documented and forwarded to the Court for final approval. KDOC will track the number of youth served and the outcomes of the program. The Capstone Project is scheduled to begin August 2015.

Staff Training

This final quarter, the SFCS Training Department provided training to 673 participants. These participants were employees from DCF and SFCS. Ongoing trainings for SFCS staff were held in Garden City, Hays, Salina, and Wichita. There were 17 sessions provided and focused on areas such as: Essentials of Case Management, Achieving Permanency Through Roundtables, Human Trafficking, Trauma Informed Care, and CAFAS. In total, there were 146 participants who completed these trainings. Three trainings were offered to meet state licensing requirements for professionals. Social Worker Safety was held in Wichita and had 20 participants, Ethics was held in Salina and had 31 participants, and DSM 5 was held in Hays and had 7 participants. In an effort to provide professional development opportunities for supervisors and above, SFCS provided Leadership training. There were 3 sessions offered this quarter in Salina and Wichita, and there were 50 participants. To help with day to day practice and responsibilities, the Training Department offered car seat installation training in Wichita; First Aid and CPR in Wichita, Salina, Hutchinson, and Great Bend; Mandt in Wichita; Self-Regulation and De-Escalation in Wichita; and self-care in Garden City.

In partnership with DCF, SFCS hosted two trainings. The first one was held in Salina, and information was provided to 14 participants about CFSR Round 3. The second was simulation training on Transition Planning, and it was held in Wichita. DCF helped with the development of this training, and it provided hands on opportunity for reintegration and adoption staff to experience walking a youth through transition planning. In total, 40 participants from Foster Care Reintegration/Adoption attended this training.

Based on feedback from community partners, the Wichita Office held 4 sessions of Bridges Out of Poverty Overview. The training provided staff with an opportunity to learn about some of the

challenges the families we serve face, and the response to the training was positive. There were 86 participants combined for the 4 sessions. The Training Department is planning to offer sessions in the West.

SFCS also offered training on Domestic Violence and Child Sexual Predators. These trainings were held in Garden City, Hutchinson, and Wichita. These two trainings had 102 participants in total.

Workforce Initiatives/Recruitment/Retention of Staff

The end of the semester is a very busy time for the HR Staff at Saint Francis. There is a flurry of excitement around SFCS with the thought of having prospects from graduating students. The HR Department traveled to several in state and one out of state universities and colleges to provide information about SFCS. Here is a listing of all the events our HR Staff participated in:

- The Marriage and Family Therapy Career Fair at Friend's University
- Newman University Career Fair
- Wichita State University Career Fair and Power Conference
- Wichita State University School of Social Work Colloquium
- Washburn University Career Fair
- Kansas University Career Fair
- Presented information to the Marriage and Family Therapy graduating class at Newman University
- Presented information to the Social Work Honor Society at Kansas State University
- Presented information to the University of Nebraska-Kearney Social Work Class

SFCS continues to value practicum students and has a strong commitment to making their educational experience positive. Several practicum students graduated in May, and many of them have filled open positions across the agency. In June, the HR Staff began recruiting practicum students in order to plan for the Fall Semester.

SFCS continues to advertise open positions in the following places: local newspapers, SFCS website, College Career offices, CareerBuilder, Monster.com, IhireSocialServices.com, Indeed.com, LinkedIn, SFCS Facebook page, Twitter, NASW, Westernksjobs.com, Dodgecityhasjobs.com, Kansasworks.com, and The New Social Worker Magazine.

Unfortunately, even with all of our recruitment efforts, SFCS continues to struggle to fill licensed positions, especially in the Western half of the state. We are currently offering relocation and sign on bonuses in an effort to attract applicants to the West, and SFCS continues to provide bonuses through the Employee Referral Program.

Caseloads (ratio of case load carrying staff to child cases)

This quarter, SFCS was able to fill positions rather quickly in the Wichita Region. The Wichita Office was able to become fully staffed, and even though a couple of social workers left the agency, their positions were filled immediately. El Dorado and Wellington were both fully

staffed with the exception of the Independent Living Dyad. SFCS anticipates this position being filled in the next quarter, as some internal staff have expressed an interest in working with older youth.

Throughout the region, some offices and teams continue to experience high case load numbers. This is especially true in Wellington where the average weighted case load is 30. SFCS continues to build in additional supports around administrative duties, so the case management teams have more time to meet with children and families. SFCS is also advertising to hire an additional team for the Wellington Office. With the addition of the additional team, and the implementation of the Independent Living Dyad, Wellington should begin to feel some relief.

Barriers/Challenges

One of SFCS's greatest challenges continues to be the lack of appropriate placements for our children and the growing number of youth in the foster care system. As of June 30th, SFCS is caring for over 3,195 children in our service area for the State's 75 counties. Although the volume of children in care has plateaued over the past 3 months, SFCS is serving 185 more children at the end of FY2015 compared to the end of FY2014. The volume of children continues to stress our ability to secure the best placements to provide care and stability. SFCS averaged 122 referrals per month in the West during the 4th quarter, and we averaged 60 referrals each month in Wichita.

Placement options for teens and youth with the dual IDD and Mental Health diagnosis remain limited. Children experiencing serious behavioral concerns, needing higher, more secure levels of placement services are also limited. We have also observed an increase in the number of pre adolescents exhibiting serious mental health and behavioral health concerns. We are in need of creating more secure environments to meet this need. In order to address this challenge SFCS provider relations outreach is vast. We constantly talk with partners about expanding service provision and capacity to meet the needs of children in care. SFCS remains committed to serving youth in a family like setting. Even though we experience a high number of youth in out of home care, SFCS trends at only 5.3% of youth residing in residential placements.

SFCS has created a workgroup called the Two Option Solution team. The participants serving on this team are from reintegration, adoption, foster care, placement services, customer service and recruitment. This brain trust is charged with creating at least two options for every child needing placed. They review both short term advantages and long term sustainability for creating this environment.

SFCS convened a spring subcontractors meeting in Wichita. Approximately 18 Child Placing Agencies were represented by over 45 attendees. Also in attendance were liaisons from DCF. An expectation for transitioning to Trauma Informed Practices by all subcontracting partners was discussed. Training on trauma informed practices was presented by Pamela Cornwell, LCSW from SFCS. The feedback from participants was positive.

Another ongoing challenge across the state is access to limited resources, especially in the rural frontier areas of the far west part of the region. Another constant is the level of drug addiction,

especially methamphetamine, and accompanying domestic violence and abuse/neglect connected to the majority of children and families referred for OOH placement. Drug treatment services are lacking in most communities as well as the necessary follow up services such as parent education, mentoring and services to maintain sobriety. Helping these parents develop a support network, learn critical thinking skills, develop the ability to assess their children's risk and safety, while at the same time maintaining housing, employment and sobriety, is a long and tedious process that requires many community supports.

Mental Health Services

SFCS continues to collaborate with the Community Mental Health Centers, Managed Care Organizations, Kansas Department for Children and Families and the Kansas Department for Aging and Disability Service to ensure that the children and youth who are in the custody of the State of Kansas have their mental health needs met. The focus of the collaborations has been to access trauma informed, least restrictive mental health services for the children and youth we serve.

SFCS participated in the KDADS Multidisciplinary Stakeholder's Psychotropic medication work team. The teams focus is on the high usage of medication in the foster care population. Data mining and data sharing has been the focus to establish protocols to work together to ensure that children and youth receive the quality care necessary for their well-being.

SFCS continues to participate in Child Welfare/MCO Coordination Meetings. Health Homes has been a major initiative of the MCO's. Systems have been set up with in SFCS to receive information from the MCO, pass the information on to the case manager, and a process for opting out of the service has been established. Unfortunately information from the MCO is inconsistent and we are often opting children and youth out at a time when current services are being denied as they have been opted in to a Health Home without anyone's knowledge. There continues to be disruption of services and confusion regarding the Health Home initiative.

SFCS has experienced challenges with accessing higher levels of care in behavioral health for the children and youth who demonstrate an inability to keep themselves or others safe. Children are more likely to be diverted in either an acute screen or a PRTF screen. Increasingly we are seeing a lack of beds in either an acute or PRTF setting if the child/youth does screen for the service. This leaves the child/youth and their care takers in difficult positions to try and implement a safety plan to keep everyone safe. It is extremely unfortunate to be in a position to not have access to the services needed for the children and youth we serve.

SFCS continues to work with Sedgwick County Community Mental Health Center, ComCare, to access appropriate care for the vulnerable youth we serve. SFCS has also experienced longer waiting time to engage services in the communities for behavioral health needs. For both our IDD population and for our SED population access to services has taken longer to activate, leaving children, youth and families to struggle keeping all parties safe.

Crossover Youth Report SFY2005 - SFY2014

This report examines data for three milestones of service for youth entering the Department of Corrections Juvenile Services Programs.

Data from Prevention and Protection Services of the Department for Children and Families (DCF) and the Kansas Department of Corrections (KDOC) Juvenile Services was utilized to complete an analysis of youth 10 and over who have been in custody of the Secretary of DCF and out of home placement and who are then at some point served through Juvenile Services. Data for State fiscal years 2005 through 2014 was collected by both agencies and are incorporated in this report.

The full report includes Parts I, II, and III, which include detailed data for youth who have exited DCF custody and were subsequently served in KDOC Juvenile Services Juvenile Intake and Assessment (JIAS), Juvenile Intensive Supervision Probation (JISP), and Juvenile Correctional Facility (JCF) programs.

Executive Summary

Of all youth age 10 and older ending custody to the Secretary SFY2005 through SFY2014 (n=16,752), 8% (n=1,377) were placed in the custody of the Deputy Secretary of Juvenile Services subsequent to ending custody to the Secretary.

For these 1,377 youth placed in the custody of JIAS the average length of time from the end of DCF Custody to the start of JIAS Custody is 17.0 months.

Of all youth age 10 and older who exited custody of the Secretary of DCF in SFY2014 (n=1,506):

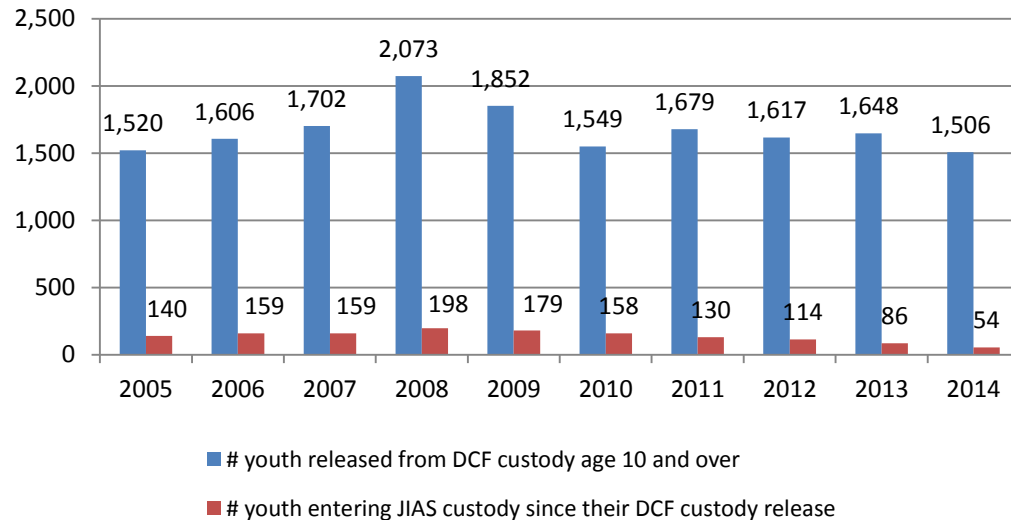

- *3.59% (n =54) of youth were subsequently placed in the custody of KDOC Juvenile Services Division.
- *1.06% (n =16) of youth were subsequently served in a Juvenile Intensive Supervision Probation case.
- *1.00% (n =15) of youth subsequently entered a Juvenile Correctional Facility placement.
- *The average length of time from the end of DCF custody to the start of JIAS Custody is 0.9 months.
- * Of all youth with a juvenile offense adjudication, 'Person-Other Crimes' is the most prevalent offense (45%).
- * Of all the offenses committed by youth, most (82%) occurred in the same county they were adjudicated a Child in Need of Care (CINC).
- * The majority of youth served in JIAS programs were reunified with family upon DCF release and prior to JIAS service.

Strong Families Make a Strong Kansas

Part I : Cross Over to Custody of the Kansas Department of Corrections Juvenile Service Division.

Of all youth age 10 and older who exited custody to the Secretary of DCF between SFY2005-SFY2014 (n=16,752), 1,377 (8%) have been placed in the custody of the Kansas Department of Corrections (KDOC) Juvenile Services Division at some point subsequent to ending DCF custody.

**Youth in JIAS Custody
Post DCF Custody**

Due to the nature of grouping data by year for longitudinal reporting, the number of youth entering JIAS custody (after DCF release) will most likely increase over the years. For those youth exiting custody of the Secretary in SFY2014, 3.59% (54) have entered JIAS custody since DCF release.

Youth entering JIAS custody after DCF custody

State Fiscal Years	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014
# youth released from DCF custody age 10 and over	1,520	1,606	1,702	2,073	1,852	1,549	1,679	1,617	1,648	1,506
# youth entering JIAS custody since their DCF custody release	140	159	159	198	179	158	130	114	86	54
% of youth entering JIAS custody after DCF release	9.2%	9.9%	9.3%	9.6%	9.7%	10.2%	7.7%	7.1%	5.2%	3.6%

* Youth may enter JIAS custody any time after DCF custody, not necessarily in the same year.

**Cross Jurisdictional Youth Demographic Reports
SFY2005-SFY2014**

1. Statewide DCF released youth entering JIAS custody by Age and Gender

Age at DCF release	Female		Male		Total	
	#	%	#	%	#	%
Age 10	17	5%	43	5%	60	4%
Age 11	17	5%	64	7%	81	6%
Age 12	20	5%	9	1%	99	7%
Age 13	37	10%	125	13%	162	12%
Age 14	65	18%	163	17%	228	17%
Age 15	90	25%	205	22%	295	21%
Age 16	71	20%	200	21%	271	20%
Age 17	39	11%	103	11%	142	10%
Age 18	8	2%	31	3%	39	3%
Total	364	26%	943	68%	1377	100%

Across years, 54% of youth who cross over from custody of the Secretary of DCF to JIAS are age 15 and older (n=747).

26% of all crossover custody youth are female.

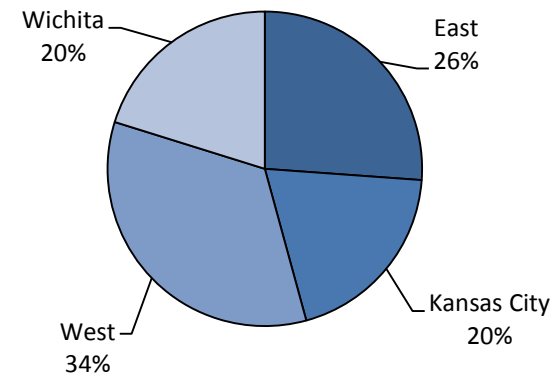

The greatest percentage of youth who enter JIAS Custody had their Child In Need of Care (CINC) case open in the West Region (n=469, 34%).

2. DCF released youth entering JIAS custody by DCF Region and Gender

DCF Region	Female		Male		Total	
	#	%	#	%	#	%
East	94	26%	266	26%	360	26%
Kansas City	70	19%	200	20%	270	20%
West	149	41%	320	32%	469	34%
Wichita	51	14%	227	22%	278	20%
Total	364	100%	1013	100%	1377	100%

Over the last seven years, the Kansas City region has the lowest proportion of youth who enter JIAS custody subsequent to DCF custody (n=270, 20%).

Cross Jurisdictional Youth by DCF Region

3. Average number of months between end date of DCF Custody and start of JIAS custody by Age at DCF release date.

Age at DCF release	Female		Male		Total	
	# Youth	Avg # Months	# Youth	Avg # Months	# Youth	Avg # Months
Age 10	17	56.0	43	52.2	60	53.3
Age 11	17	39.4	64	42.5	81	41.8
Age 12	20	32.2	9	35.4	99	34.7
Age 13	37	27.7	125	24.7	162	25.4
Age 14	65	14.2	163	17.0	228	16.2
Age 15	90	11.4	205	11.4	295	11.4
Age 16	71	6.3	200	5.7	271	5.9
Age 17	39	2.3	103	2.1	142	2.1
Age 18	8	8.4	31	7.1	39	7.4
Total	364	16.0	943	17.3	1377	17.0

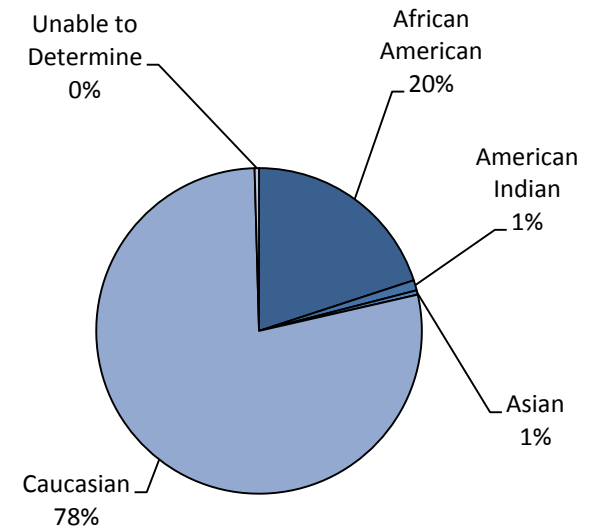

Of those ending custody to the Secretary in SFY2014 and entered JIAS Custody, the average length of time between the two programs is 0.9 months. For the 1,377 youth across years placed in the custody of JIAS, the average length of time between ending custody with the Secretary and starting custody with JIAS is 17.0 months.

4. DCF released youth entering JIAS custody by Race.

Race	Female		Male		Total		% Under 18 in KS
	#	%	#	%	#	%	
African American	64	18%	211	21%	275	20%	6%
American Indian	5	1%	9	1%	14	1%	1%
Asian	1	0%	5	0%	6	0%	3%
Caucasian	294	81%	782	77%	1076	78%	87%
Unable to Determine	0	0%	6	1%	6	0%	3%
All Youth	364	26%	1013	74%	1377	100%	100%

Only 6% of the child population in Kansas is African American compared to the 20% entering JIAS custody. This demonstrates there is a disparity in the African American population entering JIAS custody as compared to the general population for this race.

Cross Jurisdictional Youth by Race

5. Average number of months between end date of DCF Custody and start of JIAS custody by Discharge Reason.

Permanency Reason	Female		Male		Total	
	# Youth	# months	# Youth	# months	# Youth	# months
Adoption	16	39.9	67	37.4	83	37.9
Emancipation	11	7.2	42	6.6	53	6.7
Reintegration	211	20.8	536	22.5	747	22.0
Custodianship	15	29.7	70	24.9	85	25.7
Other	6	14.8	9	16.6	15	15.9
Transfer	105	1.8	289	2.7	394	2.5
All Youth	364	16.0	1013	17.3	1377	17.0

The majority of youth (54%) released from DCF custody and who enter JIAS custody were reunified with family prior to JIAS Custody. Over 55% of youth ending out of home placement with DCF are released for reunification.

6. JIAS Custody Adjudication Type and County of Offense for DCF Post Custody Youth.

Adjudication Type	Female		Male		Total	
	#	%	#	%	#	%
Drug Crime	31	9%	98	10%	129	9%
Person, Sex Crimes	10	3%	111	11%	121	9%
Person,Other Crimes	163	45%	458	45%	621	45%
Non-Person Crimes	65	18%	106	10%	171	12%
Property Crimes	95	26%	238	23%	333	24%
Not Reported	0	0%	2	0%	2	0%
Totals	364	100%	1013	100%	1377	100%
Different County	46	13%	202	20%	248	18%
Same County	318	87%	811	80%	1129	82%

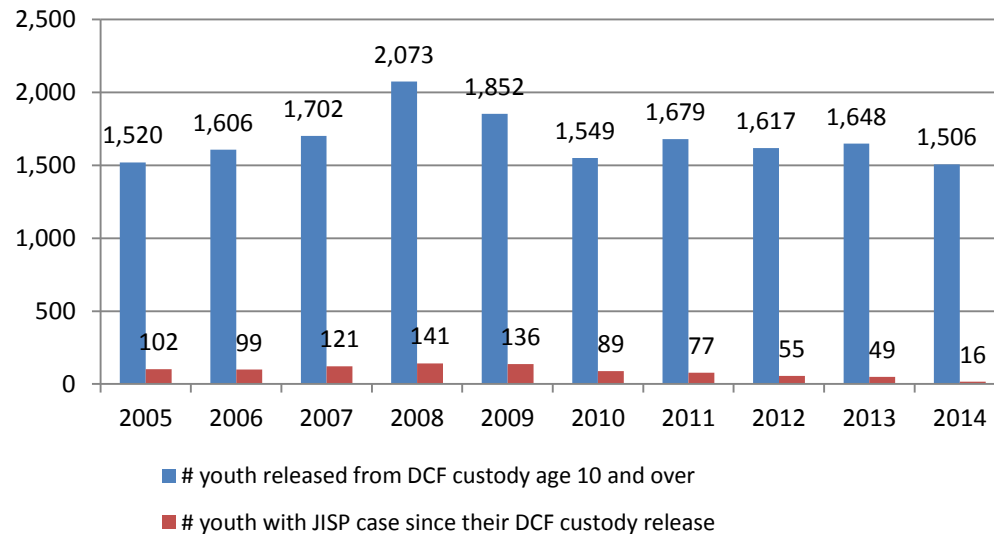

Across all seven years, Person-Other Crimes continues to be the highest juvenile offense adjudication (45% SFY2005-SFY2014).

Across years, 82% of all offenses committed by youth occurred within their same CINC county (n=1,129).

Part II : Cross Over to Juvenile Intensive Supervision Probation (JISP) case.

Of all youth age 10 and older who exited custody to the Secretary of DCF between SFY2005-SFY2014 (n=16,752), 885 (5.0%) have been served in a JISP case at some point subsequent to ending DCF custody.

Youth Served in a Juvenile Intensive Supervision Probation (JISP) Case Post DCF Custody

Due to the nature of grouping data by year for longitudinal reporting, the number of youth served in JISP programs will most likely increase over the years. For those ending custody to the Secretary during SFY2014, only 1.1% entered JISP programs after DCF release.

Youth served in a JISP case after DCF custody

State Fiscal Year	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014
# youth released from DCF custody age 10 and over	1,520	1,606	1,702	2,073	1,852	1,549	1,679	1,617	1,648	1,506
# youth with JISP case since their DCF custody release	102	99	121	141	136	89	77	55	49	16
% of youth with JISP case after DCF release	6.7%	6.2%	7.1%	6.8%	7.3%	5.8%	4.6%	3.4%	3.0%	1.1%

* Youth may enter JISP case any time after DCF custody, not necessarily in the same year.

**Cross Jurisdictional Youth Demographic Reports
SFY2005-SFY2014**

1. Statewide DCF released youth entering a JISP case by Age and Gender

Age at DCF release	Female		Male		Total	
	#	%	#	%	#	%
Age 10	12	4%	36	6%	48	5%
Age 11	15	6%	38	6%	53	6%
Age 12	16	6%	60	10%	76	9%
Age 13	40	15%	83	14%	123	14%
Age 14	37	14%	106	17%	143	16%
Age 15	68	25%	115	19%	183	21%
Age 16	52	19%	108	18%	160	18%
Age 17	24	9%	46	7%	70	8%
Age 18	7	3%	22	4%	29	3%
Total	271	31%	614	69%	885	100%

Across years, 50% of youth who cross over from custody of the Secretary of DCF to the JISP program (n=442) are age 15 and older.

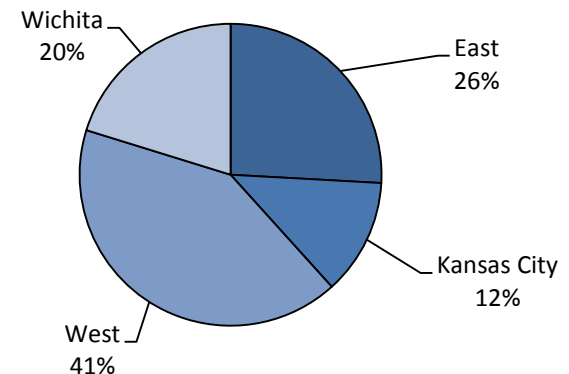

31% of all youth entering JISP programs subsequent to the custody of the Secretary are female.

Of all youth with a JISP case subsequent to DCF custody across the past seven years, the greatest proportion had their Child In Need of Care (CINC) case open in the DCF West Region (n=367, 41%).

2. DCF released youth entering a JISP case by DCF Region and Gender

DCF Region	Female		Male		Total	
	#	%	#	%	#	%
East	57	21%	172	28%	229	26%
Kansas City	42	15%	68	11%	110	12%
West	116	43%	251	41%	367	41%
Wichita	56	21%	123	20%	179	20%
Total	271	100%	614	100%	885	100%

Cross Jurisdictional Youth by DCF Region

3. Average number of months between end date of DCF Custody and start of JISP program by Age at DCF release date.

Age at DCF release	Female		Male		Total	
	# Youth	Avg # Months	# Youth	Avg # Months	# Youth	Avg # Months
Age 10	12	44.3	36	52.2	48	50.2
Age 11	15	45.9	38	37.6	53	39.9
Age 12	16	31.4	60	36.6	76	35.5
Age 13	40	31.3	83	28.6	123	29.5
Age 14	37	19.8	106	21.0	143	20.7
Age 15	68	14.7	115	15.1	183	14.9
Age 16	52	11.3	108	11.0	160	11.1
Age 17	24	8.2	46	5.1	70	6.2
Age 18	7	7.3	22	4.0	29	4.8
Total	271	20.4	614	21.7	885	21.3

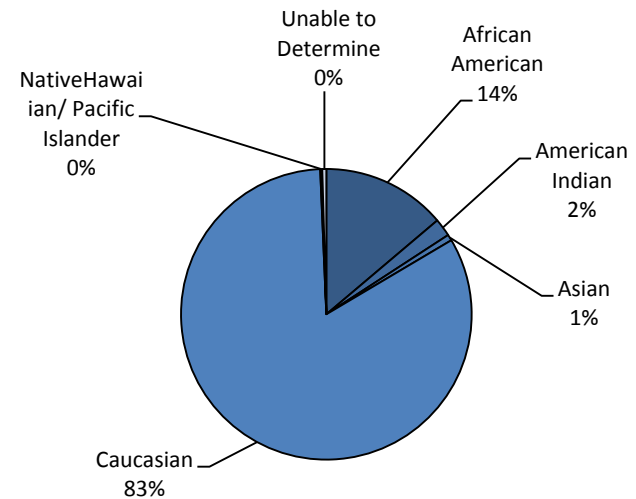

Of those youth ending DCF custody in SFY2014 and have entered JISP programs, the average length of time between the two custody programs is 2.0 mos. For all youth across years, the average length of time between the two custody programs is 21.3 months.

4. DCF released youth entering JISP program by Race.

Race	Female		Male		Total		% Under 18 in KS
	#	%	#	%	#	%	
African American	51	19%	72	12%	123	14%	6%
American Indian	8	3%	5	1%	13	2%	1%
Asian	4	1%	2	0%	6	1%	3%
Caucasian	208	77%	529	86%	737	83%	87%
NativeHawaiian/ Pacific Islander	0	0%	2	0%	2	0%	0%
Unable to Determine	0	0%	4	1%	4	0%	3%
All Youth	271	31%	614	69%	885	100%	100%

Only 6% of the child population in Kansas is African American compared to the 14% entering the JISP program. This demonstrates there is a disparity in the African American population entering JISP custody as compared to the general population for this race.

Cross Jurisdictional Youth by Race

5. Average number of months between end date of DCF Custody and start of JISP program by Discharge Reason.

Permanency Reason	Female		Male		Total	
	# Youth	# months	# Youth	# months	# Youth	# months
Adoption	17	21.3	41	35.8	58	39.1
Emancipation	8	6.6	22	4.5	30	5.3
Reintegration	204	19.4	421	22.4	625	21.6
Custodianship	9	31.0	45	28.4	54	28.9
Other	5	9.8	7	17.1	12	14.7
Transfer	28	10.5	78	11.9	106	11.6
All Youth	271	19.7	614	21.7	885	21.3

The majority of youth (71%) released from DCF custody who enter JISP Programs are reunified with family prior to JISP program entry. Over 55% of youth ending out of home placement with DCF are released for reunification.

6. JISP Adjudication Type and County of Offense for DCF Post Custody Youth.

Adjudication Type	Female		Male		Total	
	#	%	#	%	#	%
Drug Crime	33	12%	75	12%	108	12%
Person, Sex Crimes	3	1%	31	5%	34	4%
Person, Other Crimes	87	32%	255	42%	342	39%
Non-Person Crimes	65	24%	79	13%	144	16%
Property Crimes	83	31%	174	28%	257	29%
Not Reported	0	0%	0	0%	0	0%
All Youth	271	100%	614	100%	885	100%
Different County	45	17%	141	23%	186	21%
Same County	226	83%	473	77%	699	79%

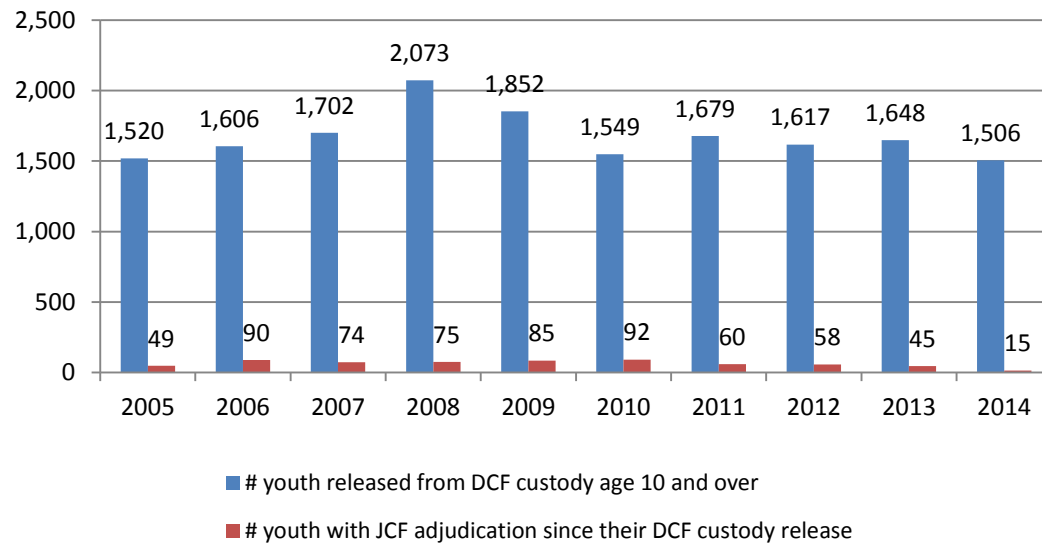

Across all seven years, Person-Other Crimes continues to be the highest juvenile offense adjudication (39% SFY2005-SFY2014).

Across years, 79% of all offenses committed by youth occurred within their same CINC (Child In Need of Care) county.

Part III : Cross Over to Juvenile Correctional Facility (JCF) Placement

Of all youth age 10 and older who exited custody to the Secretary of DCF between SFY2005-SFY2014 (n=16,752), 643 (4%) have entered a JCF placement at some point subsequent to ending DCF custody.

Youth Served in a Juvenile Correctional Facility Placement Post DCF Custody

For those ending custody to the Secretary in SFY2014, only 1.0% (n=15) entered a JCF placement after DCF release.

Youth entering JCF placement after DCF custody

State Fiscal Year	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014
# youth released from DCF custody age 10 and over	1,520	1,606	1,702	2,073	1,852	1,549	1,679	1,617	1,648	1,506

% of youth with JCF adjudication after DCF release	3.2%	5.6%	4.4%	3.6%	4.6%	4.9%	3.6%	3.6%	2.7%	1.0%

* Youth may enter JCF placement any time after DCF custody, not necessarily in the same year.

**Cross Jurisdictional Youth Demographic Reports
SFY2005-SFY2014**

1. Statewide DCF released youth entering a JCF adjudication by Age and Gender

Age at DCF release	Female		Male		Total	
	#	%	#	%	#	%
Age 10	4	4%	18	3%	22	3%
Age 11	4	4%	21	4%	25	4%
Age 12	5	5%	38	7%	43	7%
Age 13	11	11%	59	11%	70	11%
Age 14	17	17%	79	14%	96	15%
Age 15	20	20%	138	25%	158	25%
Age 16	21	21%	110	20%	131	20%
Age 17	13	13%	56	10%	69	11%
Age 18	3	3%	26	5%	29	5%
Total	98	15%	545	85%	643	100%

Across years, 387 (60%) of the youth who cross over from custody of the Secretary of DCF to a JCF adjudication are age 15 and older.

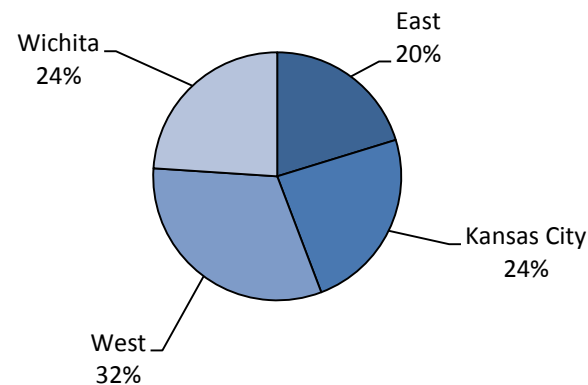

85% of youth who enter a JCF placement are male.

Of all committed to a JCF after custody to the Secretary, the lowest proportion had a CINC case open in the DCF West Region (n=202, 31%).

2. DCF released youth entering a JCF adjudication by DCF Region and Gender

DCF Region	Female		Male		Total	
	#	%	#	%	#	%
East	18	18%	113	21%	131	20%
Kansas City	21	21%	134	25%	155	24%
West	47	48%	155	28%	202	32%
Wichita	12	12%	143	26%	155	24%
Total	98	100%	545	100%	643	100%

Cross Jurisdictional Youth by DCF Region

3. Average number of months between end date of DCF Custody and start of a JCF adjudication by Age at DCF release date.

Age at DCF release	Female		Male		Total	
	# Youth	Avg # Months	# Youth	Avg # Months	# Youth	Avg # Months
Age 10	4	65.3	18	56.3	22	58.0
Age 11	4	51.8	21	55.0	25	54.5
Age 12	5	32.4	38	46.6	43	45.0
Age 13	11	27.9	59	32.7	70	32.0
Age 14	17	19.4	79	27.3	96	25.9
Age 15	20	14.9	138	17.4	158	17.1
Age 16	21	12.9	110	10.6	131	11.0
Age 17	13	5.8	56	5.4	69	5.5
Age 18	3	8.3	26	11.6	29	11.3
Total	98	19.8	545	22.4	643	22.0

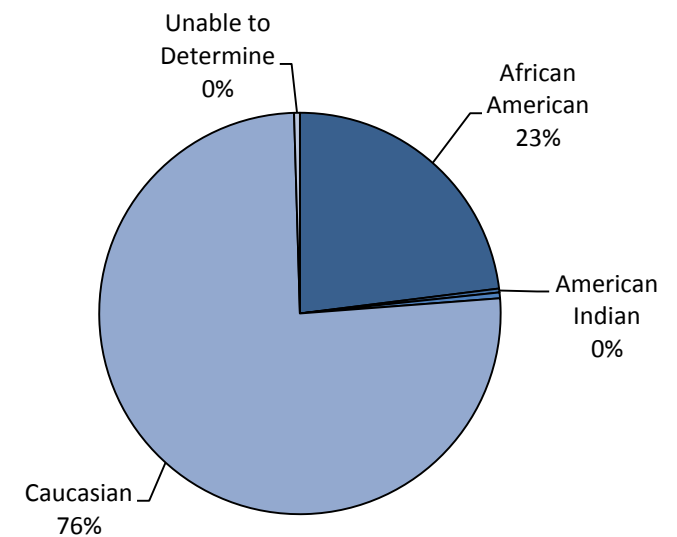

Of those who ended DCF custody in SFY2014 and were committed to a JCF, the average length of time between the two agency's programs was 2.4 months.

4. DCF released youth entering a JCF adjudication by Race.

Race	Female		Male		Total		% Under 18 in KS
	#	%	#	%	#	%	
African American	20	20%	128	23%	148	23%	6%
American Indian	0	0%	2	0%	2	0%	1%
Asian	0	0%	3	1%	3	0%	3%
Caucasian	78	80%	409	75%	487	76%	87%
Unable to Determine	0	0%	3	1%	3	0%	3%
All Youth	98	15%	545	85%	643	100%	100%

Only 6% of the child population in Kansas is African American compared to the 23% entering JCF adjudication. This demonstrates there is a disparity in the African American population entering JCF as compared to the genreal poulation for this race.

Cross Jurisdictional Youth by Race

5. Average number of months between end date of DCF Custody and start of JCF adjudication by Discharge Reason.

Permanency Reason	Female		Male		Total	
	# Youth	# months	# Youth	# months	# Youth	# months
Adoption	3	53.3	24	40.6	27	42.0
Emancipation	6	11.8	31	10.4	37	10.6
Reintegration	46	28.2	222	32.4	268	31.7
Custodianship	2	30.5	30	30.1	32	30.2
Other	1	16.0	6	10.7	7	11.4
Transfer	40	8.3	232	11.8	272	11.3
All Youth	98	19.8	545	22.4	643	22.0

The majority of youth (42%) released from DCF custody who enter JCF placement are reunified with family prior to JCF entry. Over 55% of youth ending out of home placement with DCF are released for reunification.

6. JCF Adjudication Type and County of Offense for DCF Post Custody Youth.

Adjudication Type	Female		Male		Total	
	#	%	#	%	#	%
Drug Crime	4	4%	31	6%	35	5%
Person, Sex Crimes	4	4%	122	22%	126	20%
Person, Other Crimes	62	63%	263	48%	325	51%
Non-Person Crimes	3	3%	30	6%	33	5%
Property Crimes	25	26%	99	18%	124	19%
Not Reported	0	0%	0	0%	0	0%
All Youth	98	100%	545	100%	643	100%
Different County	9	9%	99	18%	108	17%
Same County	89	91%	446	82%	535	83%

Across all seven years, Person-Other Crimes continues to be the highest juvenile offense adjudication (51% SFY2005-SFY2014).

Across years, 83% of all offenses committed by youth occurred within their same CINC (Child In Need of Care) county.

Youth in Juvenile Intake and Assessment Services (JIAS) Custody that entered JIAS Custody post DCF Custody by Age, DCF Region, and Avg # of months between DCF Custody End Date and JIAS Custody begin date.
