13-1216. Railway franchise in cities over 75,000; election. Any city of the first class having a population of not less than 75,000, for the purpose of aiding it in obtaining terminal, switch or depot facilities, is hereby empowered to grant to any railway company including terminal railway companies, but excluding street railway companies, the privilege of building and maintaining a railway across, over or along any street, alley or public grounds in said city for a period not to exceed 200 years: Provided, however, That no such right, privilege or franchise shall ever be granted until the ordinance granting the same shall have been submitted to the legally qualified voters of such city and approved in the manner hereinafter provided at a general or special election to be held for that purpose.

If at said election, the majority of votes cast shall be for said ordinance and the making of said grant, the same shall thereupon become effective; but if a majority of the votes cast at said election shall be against the said ordinance and the making of said grant, said ordinance shall not confer any rights, powers or privileges of any kind whatsoever upon the applicants therefor but shall be ipso facto null and void. Said proposition shall be submitted subject to all the laws regulating the submission of propositions. All expense of the election shall be borne by the proposed grantee.
