

2016 Kansas Statutes

65-1,165. Same; referred pregnant woman first priority user of treatment through the Kansas department for aging and disability services. A pregnant woman referred for substance abuse treatment shall be a first priority user of substance abuse treatment available through aging and disability services. All records and reports regarding such pregnant woman shall be kept confidential. The secretary for aging and disability services shall ensure that family oriented substance abuse treatment is available. Substance abuse treatment facilities which receive public funds shall not refuse to treat women solely because they are pregnant.

History: L. 1992, ch. 294, § 7; L. 2014, ch. 115, § 245; July 1.
