

2016 Kansas Statutes

75-3773. Utility services for state buildings under management of secretary of administration. The secretary of administration is authorized to enter into contracts for the furnishing of heat, lights, water, telephone service and all other utilities that may be required to render the buildings and grounds under the care and control of the secretary, fully serviceable to the state officers and agencies occupying them. To effectuate this section the secretary of administration may enter into contracts and agreements with any state agency or subdivision of government of this state, or with any private person, firm or corporation to provide for the furnishing of and payment for such utility services.

History: L. 1965, ch. 461, § 27; L. 1978, ch. 330, § 39; July 1.
