Thank Mr. Chairman Proehl and Committee and thank you for hearing/reading my testimony.

My name is Deborah Needleman and I am here to voice my support for HB2678, the Choose Life license plate because I believe in the sanctity of life and I believe life begins at conception. My heart breaks at the thought of how many children have been killed through abortion. Children are a blessing and we need to support efforts to provide children with safe and loving environments.

Thank you Chairman Proehl and Committee for your time and consideration it was/is a honor to speak before you. I hope/pray that when you work this bill you would pass it out favorably from your committee.

Thank you,
Deborah Needleman
