Thank Mr. Chairman Proehl and Committee and thank you for reading my testimony.

I wish to voice my support for HB2678, the Choose Life license plate. We all have heard the statement "A picture is worth a thousand words". A simple two-word phrase, "Choose Life" can possibly be worth dozens of lives. We have no idea how many people see a license plate, but surely in the amount of years a particular plate is on someone's car there will be a goodly number of women considering an abortion who will read the two words "Choose Life". My prayer is that these two simple words will touch her heart and save a baby's life.

Thank you Chairman Proehl and Committee for your time and consideration. I pray that when you work this bill you would pass it out favorably from your committee.

Thank you,  
Joan Koller
