

My name is Lindsay Espinosa. I am 13 years old.
My address is 1751 North Ash.

I am here to ask you to VOTE Against SB 157 and SB 158.

I am a US citizen even tho I'am Brown. The color of my skin dosent mater and I should not be discriminated against because of it, I dont want you to support the SB 157 because it will break familys and bring down the economy.

I am a 13 year old young lady and as a daughter of immigrants, Let me ask you something.

Do you really want kids like me to suffer because they dont have their parnets?
All kids deserve to have their parent(s) You will tear apart a lot of familys. Think about it...

Would you like to be seperated from your child? How will your kids feel to have To live without you?

Not because we are a diffrent skin color, mean we dont have feelings!.

Yes, we are diffrent on the outside, but we all have feelings. You will be hurting the parents and their child.

If you approve this law the economy will go down. People will be afraid to go to a store. They will be afraid, they won't come out their houses. This means that resteraunts wont be as busy, stores wont be selling as much as they used to.

We shouldnt be living in fear. We all should have the right to go out to the mall, go do the same thing any other person is able to do.

Police Officers should not be doing the work of immigration officials. Their job is to help people and keep the community safe. Some police have worked really hard to earn the trust of he community. They know that they need the trust of their community in order to be able to do their job effectively. Both SB 157 and SB 158 will not allow them to do their job beacuse the community will fear them instead of trusting and colaborating with them.
Thats why we have the federal immigration agency.

I trust that you will make the right choice and Vote NO to this bills. Thanks for taking the time to listening to me.
