Testimony

To: Chairman Petersen & Members of the Senate Transportation Committee
From: Deann Williams, Manager, Commercial Motor Vehicle
Date: February 14, 2017
RE: Testimony on SB 89

Mr. Chairman and Members of the Senate Transportation Committee:

My name is Deann Williams, Manager of the Commercial Motor Vehicle office for the Division of Vehicles. We appear here today in support of Senate Bill 89.

The Commercial Motor Vehicle Office is responsible for the registration of intrastate commercial motor vehicles (CMV) and the registration of vehicles that operate under the International Registration Plan (IRP). IRP vehicles operate in two or more jurisdictions.

Currently, the motor carrier has the choice of going to any one of the 10 regional offices for IRP/CMV registration which includes the Kansas Motor Carrier Services. If it is an intrastate CMV registration they can go to the closest CMV office that offers the services (a list of those offices is attached). Some motor carriers continue to come to the CMV Office located in Topeka which requires that CMV Office staff process the registration work.

In accordance with K.S.A. 8-135, 8-145 and 8-145d as currently written, the county treasurer is the sole recipient of the fees associated with commercial vehicle registration and even though the CMV staff are completing the registration work, the Kansas Department of Revenue is unable to retain the administrative fees intended to cover associated operating costs. Therefore, the CMV Office is requesting the ability to retain the fees for the work that is done by CMV staff by requesting amending the above-mentioned statutes, adding "division and contractor" to allow the entity completing the work to retain the associated administrative fees.

Allowing DOV to retain the fees associated with registrations processed by the CMV office will provide funding needed to maintain and enhance registration systems.

Thank you for the opportunity to provide testimony on SB 89. I stand for questions.
