GOVERNOR JEFF COLYER, M.D.  
LARRY L. CAMPBELL, CHIEF BUDGET OFFICER

February 8, 2018

The Honorable Kyle Hoffman, Chairperson  
House Committee on Agriculture  
Statehouse, Room 481-W  
Topeka, Kansas 66612

Dear Representative Hoffman:

SUBJECT: Fiscal Note for HB 2651 by House Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2651 is respectfully submitted to your committee.

HB 2651 would prohibit the ownership, acquisition, or lease by entities specified in the bill of any agricultural land in the state for the purpose of establishing a poultry processing facility or a poultry slaughter facility unless that land is located in a county that has voted to permit such a facility. The bill would provide the means by which a county could approve or deny the facility through a resolution, petition and election. The bill would define "poultry" and "poultry product," and would exempt poultry processing facilities and poultry slaughter facilities established prior to July 1, 2018, or on or after July 1, 2018, if a county has voted to approve the facility.

According to the Kansas Department of Agriculture, enactment of SB 365 would have no fiscal effect on the agency. The Kansas Association of Counties states the bill gives additional responsibilities to the counties to approve or disapprove the establishment of poultry processing and slaughter facilities and enforcement of the bill. The fiscal effect cannot be estimated, but the Association indicates that county governments would anticipate some increase to their workload.

Sincerely,

A handwritten signature in cursive script that reads "L. Campbell".

Larry L. Campbell  
Chief Budget Officer
