

SESSION OF 2018

As Recommended by House Committee on  
Education

**Brief\***

HB 2542 would remove the June 30, 2018, sunset on a statute authorizing the Kansas Board of Regents (KBOR) to fix, charge, and collect fees for state institutions and institutions domiciled or having their principal place of business outside the state of Kansas. adjust the percentage within statutory limits to correspond with the workload associated with KBOR's regulatory duties.

No other testimony was provided.

According to the fiscal note prepared by the Division of the Budget, KBOR estimates enactment of the bill would reduce annual fees by \$3,870 beginning in FY 2019. The testimony of the KBOR representative to the House Committee indicates this reduction is not expected to impact the unit's ability to operate. Any fiscal effect associated with enactment of the bill is not reflected in *The FY 2019 Governor's Budget Report*.
