**Testimony to the House Children and Seniors Committee
In Support of HB2438
January 22, 2020**

Chair Concannon and Committee Members:

Our associations support the amendments proposed in HB2438 regarding sharing of information by the Child Death Review Board with law enforcement and prosecutors. Although information like this does not occur often, when it does justice is not being served to the victims and families. It is unfathomable that critical and actionable investigative information known by a government agency may not be shared with those other agencies responsible for accurate investigations and prosecutions of criminal activity. The specific provisions we are referring to are found on page 3, lines 8-19 of the bill.

We strongly encourage the committee to move this bill forward with these provisions included.
