RE: Senate Bill 342

Good afternoon Mr. Chairman and members of the House Transportation Committee:

The Division of Vehicles requested the introduction of this bill.

Currently the Division of Vehicles notify Kansas residents that their drivers license is expiring in 30 days by mail. We are proposing to allow license holders a opt in option to have their renewal notice be sent to them through electronic means. This will give us the opportunity to issue residents more frequent and detailed communication pertaining to their license renewal.

This bill may also reduce of cost for printing and postage of the current renewal card notification.

I stand for questions.
