

**TESTIMONY BEFORE THE
SENATE TRANSPORTATION COMMITTEE**

**REGARDING HOUSE BILL 2420
RELATING TO REGISTRATION AND REGULATION
OF MILITARY SURPLUS VEHICLES**

March 12, 2020

Mr. Chairman and Committee Members:

The Kansas Department of Transportation (KDOT) is providing written testimony in support of House Bill 2420 relating to registration and regulation of military surplus vehicles.

KDOT worked with the House Transportation Committee to include a technical language change in HB 2420. We also discussed the following change and have approval from the bill sponsor. KDOT's request was to have the following language be stricken and replaced with language requiring these vehicles to meet current state vehicle size and weight laws.

- Strike language in definition on lines 6-7 and 28-29 "regardless of the vehicle's weight or size"
- Add language after "means a vehicle, that meets legal size and weight limits as set forth in K.S.A. 8-1902(a); 8-1904(a) and (b); 8-1908 and 8-1909" in place of the stricken language above

We are supportive of the bill as worded with the technical language change that was made in the House.

Thank you for the opportunity to provide proponent testimony on House Bill 2420.
