10 precluding the secretary of transportation, whenever the secretary deems it
11 feasible and appropriate, from acquiring right-of-way sufficient to
12 accommodate the eventual construction of multiple-lane divided highways
13 within any corridor designated in subsection (a).

14 (c) In constructing or reconstructing the state system of modern
15 express highways and freeways established in this section, the secretary
16 shall evaluate from time to time the feasibility of designating ~~a portion or~~
17 **new or added capacity** portions of any of the modern express highways
18 and freeways within the system as a toll road. If the secretary shall
19 determine that the designation of any ~~such~~ **new or added capacity** portion
20 as a toll road is feasible, based on the projected traffic, engineering, cost
21 and financing of the proposed toll road and a determination that adequate
22 public funds for construction of such toll road are not available and that
23 the construction of such toll road can be financed ~~entirely~~ *partly* through
24 proceeds of the bonds issued pursuant to this act, the secretary ~~shall submit~~

31 ~~as a part of the annual report required of the secretary in K.S.A. 68-2315.~~
32 Nothing in this subsection shall be construed as abrogating, limiting or
33 otherwise affecting any obligations or duties imposed upon the secretary of
34 transportation under this section with respect to the construction,
35 reconstruction, improvement and maintenance of the state system of
36 modern express highways and freeways, including without limitation
37 location studies, engineering, right-of-way acquisition and public hearings,
38 nor shall it affect in any way the allocation, programming or priority of
39 funds therefor.

40 ~~Sec.-6.~~ **7.** K.S.A. **68-2001**, 68-2002, 68-2004, 68-2008, 68-20,120
