

2020 Kansas Statutes

12-1759. Same; ordinance or resolution specifications. The ordinance or resolution creating a public building commission shall specify the purposes and functions of such public building commission and shall specify the number of members for the governing body of such commission, which shall not be fewer than three nor more than nine, except that where such commission will provide for a building which will house offices or agencies of the state, city, county or a school district, the secretary of administration and the governing bodies of such county and school district shall be represented by not less than one on such commission.
