

2020 Kansas Statutes

13-2409a. Improvements and facilities; resales; regulation of certain lines and facilities. Any city of the first class operating a waterworks department under the provisions of chapter 114 [*], Laws 1907, and amendments thereof, may construct facilities, improvements or extensions within or without said city and may sell or dispose of water within or without said city: Provided, Any such city may prohibit or limit the resale of water such city sells. All water lines or facilities now or hereafter located in or on public rights of way, roads, streets, lands or easements and which carry water of a city-owned water plant shall be exclusively subject to regulation by the governing body of such city.

History: L. 1957, ch. 126, § 2; April 4.

* See, Laws of 1907, Chapter 114, in Table of Sections in Constitutions Volume.
