

2020 Kansas Statutes

72-2219. Professional employees' rights; representation of employees and school boards; negotiations. Professional employees shall have the right to form, join or assist professional employees' organizations, to participate in professional negotiation with boards of education through representatives of their own choosing for the purpose of establishing, maintaining, protecting or improving terms and conditions of professional service. Professional employees shall also have the right to refrain from any or all of the foregoing activities. In professional negotiations under this act the board of education may be represented by an agent or committee designated by it.
History: L. 1970, ch. 284, § 2; July 1.
