Hi Fran,

My name is Michelle Methe & I am speaking on house bill 2524. I am a nursing agency worker here in wichita, ks. I was writing this email to you on how big of an impact working for agency has had on my life. As a single mother of 2 (who gets no other financial help from the fathers) working for agency has helped me financially take care of my kids. I don't have to be on food stamps. I can afford to live in a decent home. I can be able to get them whatever they need without having to worry about money. I think agency is very necessary due to of course the staff shortages but also nursing employees getting paid what they deserve. Nursing jobs can be very challenging & hard but it also takes special people to do what we do. I'm writing this to you to just let you know working for agency has helped me a lot . I'm still able to do what I love to do & be able to survive life financially working for agency. Agency is a very necessary thing nursing homes & hospitals needs.
