Working for Trinity Nursing Staff LLC has impacted my life greatly. For the longest time I've planned to move from Kansas and begin life in another state but with Trinity Nursing Staff I don't see the need.

Due to employment with this agency I've become financially stable. So stable that I've been able to successfully leave an abusive relationship, financially support myself through nursing school, and even be able to pay for the ADN Program out of pocket. I can't show more appreciation for the financial freedom I've received from working with this company.

Working with a traveling nursing agency has also made me proficient with my work. I have a great understanding of nursing facilities all over the state of Kansas and my confidence in my work has grown tremendously. While in the PN program (to gain my LPN) I've been commended for my work ethic and my ability to get to work with out hesitation in clinical's. Workers from the facility of my clinical's knew right away I was an agency worker because of my competency.

Trinity Nursing Staff also gives me the freedom to chose my own schedule. I haven't missed a day of work due to that (besides becoming ill with COVID). I enjoy the availability of controlling my own schedule. If Trinity Nursing Staff was no longer an active company I most likely would chose a different route in nursing. I don't see the benefit of working for a Nursing Facility with low pay wages, demanding preset scheduling, and the politics that come with facility staffing. I'm almost upset with myself that I didn't apply for Trinity Nursing Staff sooner.
