RE: HB 2550
OPPONENT testimony - Written only

Chair Williams and members of the committee:

I appreciate all the thought you give to these issues. I do not want my tax dollars diverted to private, exclusive, often religious schools. Private schools do not have the same accountability measures as public schools in the state. They can pick and choose who they admit -- and many do not get in. T

Public schools are the heart of our community; they welcome all kids, all learners, all special needs. Please spend your time making them the best they can possibly be. We are struggling to adequately fund our public schools in the state. That should be - and must be - our focus.

Sincerely,

Lindsay Weiss
