HOLTON, KANSAS 66436-1803

House Tax Committee:

The City of Holton opposes House Bill 2738 that would allow counties to unilaterally remove revenue sharing with cities from future countywide sales taxes placed on the ballot. This bill would have detrimental impacts for city residents and business. Currently, about one quarter of the Jackson County tax payers live in Holton. The citizens of Holton get nothing for their county tax dollars now. In most cases, our tax dollars are used outside the city limits for county roads, bridges and other county needs.

Sincerely,

Kerwin L. McKee

Holton City Manager
