Column1

The information came from the Prescription Drug Monitoring Program Training and Technical Assistance Center (PDMP TTAC). (See Below)
These worksheets are dated 2022.

The Prescription Drug Monitoring Program Training and Technical Assistance Center (PDMP TTAC) at the Institute for Intergovernmental Research (IIR) provides a comprehensive array of services, support, resources, and strategies to PDMPs, federal partners and other stakeholders to further the efforts and effectiveness of PDMPs in combating the misuse and diversion of prescription drugs.

Our focus is to improve consistency among PDMPs, facilitate coordination between PDMPs and state and national stakeholders, increase PDMP efficiencies, measure performance and effectiveness, and promote best practices.
