Written-Only Testimony in Opposition

My name is Nikki McDonald and I am testifying as a private citizen.

I am writing in opposition of this bill because it makes voting more difficult. I volunteered to help campaigns last cycle & spoke with MANY voters who have limited mobility. Others have distrust of the US Postal Service because it tends to be slow and less reliable. I, myself take advantage of these drop boxes each cycle. It gives me a sense of assurance that my vote will be counted when I hand deliver it to turn in. These boxes are secure & this method works well. It is really disturbing to me when I see legislators going out of their way to make voting more difficult.
