To: Senate Committee on Transportation

Re: Proponent Testimony for HB 2633

Chairman Peterson and Members of the Committee:

I stand before you today to ask for your support of HB 2633 regarding a special Hutchinson flag license plates. This bill is co-sponsored by the entire Reno County House delegation along with multiple others in the House.

The city flag of Hutchinson dates from 2018 and has now a broad sense of community ownership and use. The colors (blue, gold, and white) are those of our local high school and of our Kansas wheat and sky. We have no doubt we can sell a sufficient number of tags to make production feasible.

Hutchinson has seen the success of Wichita in incorporating it's city flag into a license plate design. We wish to emulate that success for our own community and ask the Senate to support House bill 2633.

Respectfully,

Paul Waggoner  
House District 104
